Instant-on Technology[2]
Print and Copy up to 27 ppm[2]

up to 1200 dpi optical resolution

Fax memory[3] up to 600 pages

Network printing

Automatic 2-sided printing

Performance, performance, performance! Print speed up to 27 ppm letter[2] with these walking as you can be more productive

Fully linked to deliver exactly what you need. Leverage your ability to communicate with this MFP is the ideal fax solution

HP LaserJet reliability you know and trust. Count on easy, trouble-free printing, built-in by HP engineering and the Original HP print cartridge

[1] HP LaserJet Technology is slightly slower than Warranty.
[2] Up to 27 letter-size black images per minute (ppm). Actual speed varies depending on the system configuration, software application, and complexity and size of document. Driver recommended for best performance.
[3] Memory is shared with other MFP functions, so maximum fax memory varies depending on the amount of memory used for other functions. Maximum fax memory assumes standard ITU-T Test Image (a typical business letter) at standard resolution. Complex pages or higher resolution may require more memory and increase transmission time.

WELCOME TO [redacted]

Our desire is to provide you quality treatment by a Pediatric Dentist in a caring environment for your child. We provide the following information in order to familiarize you with our office policies. The Doctors and a member of their staff will review this form with you at your child's initial exam. All medical information and this consent form must be completed and signed prior to examination.

Parents may accompany their child back to the exam room for their first visit. A complete diagnostic exam and standard set of pediatric x-rays will be taken as needed. The Doctor will discuss his diagnosis and recommend a treatment plan for your child. **On subsequent treatment visits, your child will be taken back alone by one of the assistants. Our assistants will remain with your child at all times.** Parent can accompany the child for all recall hygiene or cleaning appointments. You will be explained what dental work will be done for that day, and if any treatment should change during that visit you will be informed prior to the new treatment. **The parent or legal guardian must remain in the office at all times during treatment.** Written consent (notarized) must be received prior to treatment for others accompanying the child at each visit (see office manager for form). When treatment has been completed, the dental assistant will explain to you what was done as well as the next treatment needed. Written instructions will be given when available.

For our especially fearful patients, the Doctor may suggest that your child be given medication prior to treatment. This premedication is generally liquid Demerol and Hyrtroxyzine given one hour prior to the appointment on an empty stomach in the office, as a sedative and relaxant. On older children we usually use Valium. These medications will be administered in our office. During treatment, Nitrous Oxide (laughing gas) may also be used as a relaxant (we call the small rubber mask "Mr. Nose"). This does not put your child asleep (conscious sedation) rather it relaxes the child and makes them feel safe--happy and comfortable during treatment.

In order to provide quality dental work and reduce the risk of injury to your child, it is imperative that the child remains still during treatment. Despite our best efforts to calm a child with reassurances, showing the instruments and explaining the noises they will hear, at times we encounter difficult management problems. If a parent refuses to cooperate and hospitalization is not an option it **may be necessary** to use one or more of the following behavior management techniques to facilitate treatment.

VOICE CONTROL. A controlled alteration of voice volume, tone, or pace to influence and direct patient's behavior. Voice control is a method that we use with a child who is capable of understanding, but is not listening to what we are saying. Also, the assistants and Doctor may reward child who displays cooperative behavior with compliments, praise, a pat on the shoulder or a small prize.

TELL-SHOW-DO. The Dentist or staff member explains to the child what is to be done, shows an example on a tooth model or on the child's finger, then the procedure is done on the child's tooth.

Although 993RS cars were never imported to the US, this car was built expressly for the purpose of creating an 993RS for the US market. The creation of this car was the subject of several magazine articles that go
into alt the detail of its origins. Please refer to the link above to see
these articles. This car is truly an unbelievably quick street legal
race car that can be driven to the track in full comfort and go out and
set a track record at Willow Springs. This 993RS has achieved notoriety
in the Southern California Porsche clubs for it's on track performance as
well as its versatility as a streetcar. Broad flat torque curve that pulls
strong right up to red line. Compliant suspension that tracks perfectly
without hammering the car. Nothing like driving to the track, waiting
on the 104+° grids with the A/C and radio on and still be able to keep
up with and pass dedicated track cars that were hauled out on a trailer.
This car was the subject of a Porsche Excellence article. Although I have
had it parked for the past few years the car was put away at the end of
complete rebuild after several successful years of racing, time trials and
street hill climbs. Less than 200 easy street miles on it since rebuild
All components at 100% of remaining service life. Registered California
Memorial plates '993RS', currently non-op status paid through 2012.
Over $100,000 invested in the car.
Chassis:
Started with a 1998 C2S 993 Porsche (one of the last 200 air cooled
cars) Only 1,014 993 Carrera RS were built and none imported to the
USA. This car was built up from a US legal car ordered without a
sunroof. All the components available from Europe and then some were
built into this car to make it a legal US equivalent of and RS and more.
17-gallon fuel cell, spare adjustable rear wing hood section. Available
with fresh 3M clear film protection installed on all frontal parts of car if
so desired. Currently film is off the car.
Suspension:
Centerlock hubs, GT2 suspension, front shock tower brace, RSR
adjustable heim-jointed sway bar, Bilstien PSS9 shocks, professional
setup by Glenn Yee Motorsparts.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments to nonemployee pension plans, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

What Name and Number To Give the Requester

For this type of account:	Give name and SSN of:
1. Individual	The individual
2. Two or more individuals (joint account)	The actual owner of the account or, if combined funds, the first individual on the account[1]
3. Custodian account of a minor (Uniform Gift to Minors Act)	The minor[2]
4. a. The usual revocable savings trust (grantor is also trustee)	The grantor-trustee[1]
b. So-called trust account that is not a legal or valid trust under state law	The actual owner[1]
5. Sole proprietorship or disregarded entity owned by an individual	The owner[3]
For this type of account:	**Give name and EIN of:**
6. Disregarded entity not owned by an individual	The owner
7. A valid trust, estate, or pension trust	Legal entity[4]
8. Corporate or LLC taxable corporate status on Form 8832)	The corporation
9. Association, club, religious, charitable, educational, or other tax-exempt organization	The organization
10. Partnership or multi-member LLC	The partnership
11. A broker or registered nominee	The broker or nominee
12. Account with the Department of Agriculture in the name of a public entity (such as a state or local government, school district, or prison) that receives agricultural program payments	The public entity

List first and circle the name of the person whose number you furnish. If only one person on a joint account has an SSN, that person's number must be furnished.

Circle the minor's name and furnish the minor's SSN.

You must provide your individual name and SSN. You may also enter your business or "DBA" name on the second name line. You may use either your SSN or EIN (if you have one), but the IRS encourages you to use your SSN.

List first and circle the name of the trust, estate, or pension trust. (Do not furnish the TIN of the personal representative or trustee unless the legal entity itself is not designated in the account title.) Also see *Special rules for partnerships* on page 1.

Note. If no name is circled when more than one name is listed, the number will be furnished to the first name listed.

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, social security number (SSN), or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk,

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

Call the IRS at 1-800-829-1040 if you think your identity has been used inappropriately for tax purposes.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to *phishing@irs.gov*. You may also report misuse of the IRS name, logo, or other IRS personal property to the Treasury Inspector General for Tax Administration at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: *spam@uce.gov* or contact them at *www.ftc.gov/idtheft* or 1-877-IDTHEFT(438-4338).

Visit the IRS website at *www.irs.gov* to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons who must file information returns with the IRS to report interest, dividends, and certain other income paid to you, mortgage interest you paid, the acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA, or Archer MSA or HSA. The IRS uses the numbers for identification purposes and to help verify the accuracy of your tax return. The IRS may also provide this information to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. possessions to carry out their tax laws. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

You must provide your TIN whether or not you are required to file a tax return. Payers must generally withhold 28% of certain interest, dividend, and certain other payments to a payee who does not give a TIN to a payer. Certain penalties may also apply.

Form W-4 (2017)

Purpose. Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. Consider completing a new Form W-4 each year and when your personal or financial situation changes.

Exemption from withholding. If you are claiming exemption, enter "Exempt" on line 7. You are exempt from withholding for 2017 if you meet both of the following conditions: you had no tax liability in 2016 and you expect no tax liability in 2017. See Pub. 505, Tax Withholding and Estimated Tax.

Note: If someone can claim you as a dependent, you are not one of them, you can't claim exemption from withholding if your total income exceeds $1,050 and includes more than $350 of unearned income (for example, interest and dividends).

Standard Most people should check "Single" or "Married (or Qualifying widow(er))" on line 3. Check "Married (or Qualifying widow(er))" if you are married and have a spouse who doesn't work or has low income.

Head of household. Generally, you can claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependents or other qualifying individuals. See Pub. 501, Exemptions, Standard Deduction, and Filing Information.

Tax credits. You can claim credits, such as the credit for child and dependent care expenses and the child tax credit. You can also include child tax credits in determining your withholding allowances. Credits for child or dependent care expenses and the child tax credit may be claimed using the Personal Allowances Worksheet below. See Pub. 503, Child and Dependent Care Expenses, and Pub. 972, Child Tax Credit, for more information.

Nonresident alien. If you're a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

Two earners/multiple jobs. If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one of them. You may claim all or part of the allowances for which you're entitled. For example, you may want to divide your allowances if you both work and one of you makes significantly more than the other does.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, consider making estimated tax payments using Form 1040-ES, Estimated Tax for Individuals. Otherwise, you may owe additional tax. If you have pension or annuity income, see Pub. 505 to find out if you should adjust your withholding on Form W-4 or W-4P.

Your name and address. Enter your name and address in the spaces provided. If you intend to file a joint return, you can choose the name and address you want to use. Generally, you should use the name and address that you used on your last tax return.

Deductions and adjustments. If you plan to itemize deductions or claim adjustments to income and want to reduce your withholding, see the Deductions and Adjustments Worksheet on page 2.

Additional withholding. You may have an additional amount withheld from each paycheck if you wish. Enter the amount on line 6 of the Employee's Withholding Allowance Certificate.

Avoiding withholding. After you've taken into account all of your withholding allowances, you may still have too much tax withheld from your paycheck. If you want to avoid having too much tax withheld, you can request that an additional amount be withheld from each paycheck. Enter the amount on line 6 of the Employee's Withholding Allowance Certificate.

Where to file. Your employer may be required to send a copy of this form to the IRS.

Personal Allowances Worksheet (Keep for your records.)

A	Enter "1" for yourself if no one else can claim you as a dependent • You're single and have only one job, or	A
B	Enter "1" if: • You're married, have only one job, and your spouse doesn't work, or • Your wages from a second job or your spouse's wages (or the total of both) are $1,500 or less	B
C	Enter "1" for your spouse. But, you may choose to enter -0- if you are married and have either a working spouse or more than one job. (Entering "-0-" may help you avoid having too little tax withheld.)	C
D	Enter number of dependents (other than your spouse or yourself) you will name on your tax return	D
E	Enter "1" if you will file as head of household on your tax return (see conditions under Head of household above)	E
F	Enter "1" if you have at least $2,000 of child or dependent care expenses for which you plan to claim a credit (Note: Do not include child support payments. See Pub. 503, Child and Dependent Care Expenses, for details.)	F
G	**Child Tax Credit** (including additional child tax credit). See Pub. 972, Child Tax Credit, for more information. • If your total income will be less than $71,201 ($107,051 if married), enter "2" for each eligible child; then less "1" if you have two or less eligible children or less "2" if you have three or more eligible children • If your total income will be between $71,201 and $84,000 ($107,051 and $115,000 if married), enter "1" for each eligible child	G
H	Add lines A through G and enter total here. (Note: This may be different than the number of exemptions you claim on your tax return.) ▶	H

For **accuracy**, complete all worksheets that apply.

- If you plan to itemize or claim adjustments to income and want to reduce your withholding, see the Deductions and Adjustments Worksheet on page 2.
- If you are single and have more than one job or are married and you and your spouse both work and the combined earnings from all jobs exceed $50,000 ($20,000 if married), see the Two-Earners/Multiple Jobs Worksheet on page 2 to avoid having too little tax withheld.
- If neither of the above situations applies, stop here and enter the number from line H on line 5 of Form W-4 below.

Separate here and give Form W-4 to your employer. Keep the top part for your records.

The machine cannot detect a WLAN access point/router that has WPS or AOSS
enabled.

If you would like to connect with WPS or AOSS, you must operate both your
machine and the WLAN access point/router.
Confirm the connection method for WPS or AOSS on WLAN access point/router and
try starting again.

If you do not know how to operate your WLAN access point/router using WPS or
AOSS see the documentation provided with your WLAN access point/router, ask the
manufacturer of your WLAN access point/router or ask your network administrator.

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- *Anyone, anywhere* can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files *always print correctly* on any printing device.
- PDF files *always* display *exactly* as created, regardless of fonts, software and operating system. Fonts and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

Hail Mary,

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima

When you receive this email say a Hail Mary and ask for a special favor.

"Hail Mary, full of grace. The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners now and at the hour of our death, Amen." (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has been traveling since 5/13/07!

To change the overall look of your document, choose new Theme elements on the Page Layout tab. To change the looks available in the Quick Style gallery, use the Change Current Quick Style Set command. On the Theme gallery and the Quick Styles gallery, provide reset commands so that you can always restore the look of your document to the original contained in your current template. On the Insert tab, the galleries include items that are designed to coordinate with the overall look of your document. You can use these galleries to insert tables, headers, footers, lists, cover pages, and other document building blocks. When you create pictures, charts, or diagrams, they also coordinate with your current document look.

HP Officejet 4630 e-All-in-One Series

1. Follow the illustrations on the setup flyer to set up your printer.
2. Install the software.

   Windows

   Go to **www.hp.com/support/4630**, and then follow the on-screen installation instructions. If your computer is not connected to the Internet, insert the software CD that came with your printer. If the CD does not start, browse to the CD on your computer, and then double-click the **setup.exe** file.

   Macintosh

   OS X: The latest HP software is available from **www.hp.com/support/4630**. HP software for Macintosh is not included on the software CD that came with this printer.

   Install OS X: If this product is not discovered, the printer and OS X do not support installation on the same local network.

   Note: Install the software now. Help is available during the software installation. If you do not see the printer listed in the software, temporarily disable any firewall software, and then follow the on-screen instructions. If you encounter problems during software installation, see the electronic Help. For more information, including the Europe declaration of conformity, battery replacement, and regulatory information, see the Technical Information section. CE

- **Windows® 8:** On the Start screen, right-click an empty area, click **All Apps** on the app bar, click the icon with the printer's name, and then click **Help**.
- **Windows® 7, Windows Vista®, and Windows® XP:** Click **Start** > **All Programs** > **HP** > **HP Officejet 4630 series** > **Help**.
- **OS X Lion, Mountain Lion:** Click **Help** > **Help Center**. In the **Help Viewer** window, click **Help for all your apps**, and then click **HP Officejet 4630 series**.
- **OS X 10.6:** Click **Help** > **Mac Help**. In the **Help Center** window, choose **HP Officejet 4630 series** from the **Mac Help** pop-up menu.

Note: Certain HP accessories are not available in some languages/countries and may not be supported on all models.

- **Wireless installation:** If the software CD is not ready, close it, and then browse to the **Readme.chm**. Double-click **Readme.chm** to open it, and then select the **Readme** in your language.
- **Place** flyer: Open the **Documentation** folder located at the top-level of the software installer. Double-click **Readme.chm**, and then select the **Readme** in your language.

Note: (Additional) wireless information is available at **www.hp.com/go/support**. Printer registration is available at **www.register.hp.com**. Declaration of conformity is available at **www.hp.eu/certificates**. Ink supplies check is available at **www.hp.com/go/inkusage**.

Note: Ink from the cartridges is used in the printing process in a number of different ways, including the initialization process, which prepares the printer and cartridges for printing, and printhead servicing, which keeps print nozzles clear and ink flowing smoothly. In addition, some residual ink is left in the cartridge after it is used. For more information, see **www.hp.com/go/inkusage**.

Want to learn more about your printer? Visit **www.hp.com/go/support/4630**. Find support, software, and troubleshooting. Register your printer. Shop for supplies.

Tax status declaration - individual

Purpose

This form is designed to capture the citizenship and residency for tax purposes of the individual(s) (including personal customers and sole traders) who for tax purposes, own the income and assets associated with an account maintained by us, the Bank and held by that individual ("the account holder").

In certain circumstances, this form can be completed for or on behalf of the account holder. In this case, you should complete the form using information relating to the account holder's citizenship and residence for tax purposes rather than your own.

Please don't use this form if you're not an individual. Instead, please ask us for a copy of the tax status declaration form for entities – you can do this by calling the number below.

Your information

Depending on the countries or territories in which the account holder is a tax resident, we, the Bank, may be required to disclose certain information regarding the account holder to the tax authority of the jurisdiction in which you hold your account. If the Bank provides the information to its local tax authorities, then the local tax authorities may exchange this information with the foreign tax authorities of the countries or territories in which the account holder is a tax resident.

Please fill in the form in BLOCK CAPITALS and return to us in the envelope provided. If you have any questions about how to complete this form, please contact your tax advisor. For further information please contact us on 01534 481840 (Minicom 01534 481841) between 8am and 6pm (UK Time), Monday to Friday.

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Stripe On Faxes I Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one page fax to 1-855 330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero; this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

2 Instalación de las pilas

Instale las pilas para evitar que los datos de ventas y ajustes programados sean borrados.

1. Eche hacia delante la tapa de la impresora y sáquela.

2. Alinee los polos de las pilas según el dibujo del interior del cajón de papel.

Vista posterior

3. Meta las pilas nuevas AA. (Las pilas no vienen con la caja registradora.)

Vista posterior

- Cuando las pilas estén colocadas correctamente, el símbolo "+" desaparecerá de la pantalla. Cierre el compartimiento de las pilas.

IMPORTANTE
El uso inapropiado de las pilas puede dañar la caja registradora. Tome las siguientes precauciones.

Asegúrese de que los polos positivo (+) y negativo (-) de cada pila estén orientados correctamente.
Nunca utilice pilas de diferente tipo al mismo tiempo.
Nunca utilice las pilas nuevas con pilas gastadas al mismo tiempo.

3 Instalación del rollo de papel

1. En el compartimiento del rollo de papel, coloque el rollo de papel de tal forma que el papel se desenrolle desde abajo.

2. Meta el papelerete en la ranura de entrada y pulse la tecla [FEED]. El extremo medio romperá papel la zona de impresión.

3. (Para la extracción del registro diario)

Our Father, which art in heaven,
hallowed be thy name,
thy kingdom come,
thy will be done,
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil
[For thine is the kingdom,
the power, and the glory,
for ever and ever]
Amen

Get Ready for Elevation Day!

As we shared at conference, OUR employees make the guest experience happen – they are experience makers. Everyone is part of the Here For You experience. We are all Guest Experience Makers. Part of the focus of Here For You is making sure that every employee at every hotel becomes part of this. For that reason we are adding the "Guest Experience Maker" tagline to all of our name badges. You can find the Jas Ad for ordering these new GEM name badges in the Library on LQConnect

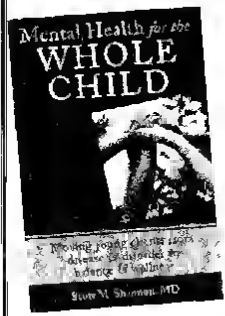
A workshop with Scott Shannon MD

Pediatric psychiatrist, published author and national lecturer on a holistic, full-spectrum approach to children's well-being.



Save the date!

March 12, 2015

Evening lecture for parents

March 13, 2015

Class for mental health professionals

Scott Shannon MD looks at eight of the most common childhood mental health issues—ADHD, depression, behavioral problems, anxiety and OCD, bipolar disorder, substance abuse, autism spectrum disorders, and trauma and PTSD—and a variety of effective complementary treatment tools for each, including dietary changes, nutritional supplements, specific cognitive or behavioral therapies, parenting interventions, medications, and more. Step-by-step treatment plans are included to guide clinicians on how best to approach each presenting problem.

TEST FAX FOR MY PROJECT ☺

TEST FAX FOR MY PROJECT ☺

TEST FAX FOR MY PROJECT ☺

TEST FAX FOR MY PROJECT ☺

The flow sensor can be provided with (3) 1- to 3-wire cable. If 24 vac power is used and a combination of the switch contacts, the LED's are as follows:

- Green LED ON: 24 vac present
- One Yellow LED ON: "Open sensor" switch CLOSED
- Two Yellow LED ON: "Close sensor" switch CLOSED

If maximum flow of the sensor are occurring, follow the steps below to reset the sensor:

1. Close the main gate valve following normal shutdown procedure. Check that the main water valve is closed and pumps cannot run. The sensor will detect normal pumping pressure but the minimum speed setting cannot be changed.
2. Measure the pressure drop across the sensor or across the main water valve and compare to the design or engineering data.
3. Verify that the sensor is in the orientation as the arrow on the metal body is correct.
4. Check for any damage to the body, paddle or wiring.
5. Add air to the pump. Open the valve.
   - If the sensor is now functioning properly, continue with normal operation.
   - If the sensor is not functioning properly, continue with the following steps.
6. Drain the pipe between the sensor and the main valve or remove the sensor from the pipe.

Strainer — Provide a strainer on all water supplies to protect from any foreign material. Strainer to consist of a pot (2) Mesh screen, and a cleanout plug. Size of strainer to be same as water supply. Consult factory for other sizes. Should not be used on potable water supplies. Install strainer so that screen can be removed for cleaning. Do not install strainer on water supply where pressure may exceed 125 psi.

Condenser Fans — Each fan is supported on a channel to which it is fixed on the inside and upon which the motor is mounted. The fan is protected by a wire guard which is fixed to the channel. Whether or not a fan is supplied with a motor or spindle must be determined before ordering. Fans are designed to operate in such a way that they pull air through the coil and discharge it through the fan. Fans should be mounted so that the air flow is in the direction of the arrow on the fan casing. Fan speeds should not exceed the maximum speeds given in the table below. Fan speeds are given in revolutions per minute (rpm).

Fan Diameter	Maximum Speed
18 in. (457 mm)	1140 rpm
24 in. (610 mm)	1140 rpm
30 in. (762 mm)	1140 rpm

IMPORTANT: Check to ensure fan rotation is correct before operation. Incorrect rotation will cause loss of capacity.

IMPORTANT: Check to ensure fan rotation is correct before operation. Incorrect rotation will cause loss of capacity. If necessary, change any 2 wires. Under factory care for rotation.

Metermaster® V Controller — The Metermaster® V (MMV) controller is standard on the QDC and QDS units. All other units are optional. Jumper J1 on the Metermaster® V controller must be removed for the MMV board for the unit to operate. The controller is factory set for Cool 1 mode of operation. The Metermaster® V controller has 3 modes of operation: Cool 1, Cool 2 and Heat. Cool 1 is the standard mode of operation where the fans cycle on and off to maintain the head pressure set point. Cool 2 mode is used for applications where the fans operate continuously. Heat mode is used for heat reclaim applications. Refer to the Metermaster® V Controller Installation Instructions (IM-MMV) for more information.

⚠ WARNING

Disconnect all power before servicing unit. Failure to do so may result in electrical shock, serious injury or death.

⚠ WARNING

When using cut-out fittings, use gloves and eye protection. Sharp edges can cause injury.

⚠ CAUTION

Do not start unit until all piping is complete and all air has been purged from the water lines. Damage to the unit may occur.

⚠ CAUTION

Do not operate unit in an environment where the ambient temperature is below 50°F (10°C) unless the optional low ambient kit is installed. Damage to the unit may occur.

Fig. 42 — Metal Fan Mounting Position

FAN MOUNTING — Refer to the unit nameplate for proper fan location. Fan mounting is the responsibility of the contractor. Refer to the fan manufacturer's instructions for proper mounting procedures.

FAN ROTATION — Fan rotation is critical to unit performance. Fan rotation should be checked during initial start-up. If fan rotation is incorrect, any two fan motor leads may be interchanged to reverse rotation.

FAN OPERATION — The speed varies in proportion to the head pressure as measured by the Metermaster® V control. The MMV control must be used on the fans.

The speed of the fan is controlled by the MMV control which cycles the fans on and off to maintain the head pressure set point. In Cool 1 mode, operation will be 60 seconds on and 60 seconds off. In Cool 2 mode, the fans will operate continuously. Heat mode is used for heat reclaim applications. Refer to the Metermaster® V Controller Installation Instructions (IM-MMV) for more information.

FAN SPEED CONTROL — The MMV controls the speed of the fans based on the head pressure. The head pressure is measured by the pressure transducer. The MMV controls the speed of the fans to maintain the head pressure set point.

MAKING YOUR EDUCATION *more affordable*

Let nothing stand in your way of *earning a degree*

In earning an advanced degree, you're making an investment today that's directly applicable to your future. With a well-rounded education from a respected institution, you can be on your way to pursuing the career of your choice and increasing your earning potential.

At DeVry University and our Keller Graduate School of Management, we know financial matters can present hurdles to achieving your career goals. That's why we're committed to offering more than $1.65 billion in scholarships, grants and institutional assistance* in 2013–2014 to qualifying students pursuing advanced education. Whether you're a grad-seeking high school senior, a traditional undergraduate, an adult learner with a dream to pursue, a graduate student working toward your next promotion or a veteran ready for the next challenge, you may be able to take advantage of financial awards offered by the University.

Other ways to save:

40% **Take three classes and save.** Each session, your first six undergraduate credit hours are charged at $699 per credit hour. You benefit from a 40% savings on any additional credit hours taken during the same session. The additional credit hours are charged at a lower tuition rate.

58% **Military Pricing!** If U.S. military personnel serving in any of the five branches of the U.S. Armed Forces (including National Guard and Reserves), and their spouses, are eligible for DeVry's military tuition rate. This pay tuition rate of $250 per credit hour. That's a 58% savings from the tuition rate of $603 per credit hour.

TUITION FREEZE

DeVry University and our Keller Graduate School of Management have frozen tuition since the 2012–2013 term.

did you know?

Our grads earn 15% more. Only a select few institutions, DeVry graduates report that they earn 15%* more in their initial earnings, as reported by all undergraduate degree graduates.*

Testing Your HP Fax Machine with the HP Fax Test Service

Print Feedback

Introduction

This document will assist you in testing your HP fax machine, using the HP Fax Test Service. Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine

To test the reliability of your fax machine, follow the directions below.

NOTE: Be sure that your phone number is not Caller ID blocked by your telephone company. If necessary, temporarily turn off Caller ID blocking before dialing the toll-free number. Also, if your phone number is blocked from receiving a fax, including voice mail, call blocking, or call privacy features, temporarily turn off these features before dialing the toll-free number.

NOTE: Whenever you are preparing a fax transmission, it is good practice to set the Automatic Reports option to **Every Error** before attempting a test fax. This way, even if the test fax fails, an error code will be generated that will guide you in any troubleshooting. This option is available in different places on different products, consult the product User's Guide for specific steps.

1. Send a one-page black and white test fax to **1-888-HP-Fax** (1-888-473-2963).
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within **two** minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE: The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax header contains the full 10-digit telephone number of the fax machine, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

Hydraulic Pumps & Cylinders

Electric-Powered Hydraulic Pumps

Operate these pumps from up to 15 feet away with the reservoir-wired remote. They work in the vertical position only and allow you to raise load, and release manual-return and spring-return cylinder rams. Maximum pressure is 10,000 psi. Mounting fasteners are not reservoir. Pumps are supplied with hydraulic oil.

Style A—Has a compatible reservoir with 1 female and an aluminum cover plate. Motor is 115 VAC, 50/60 Hz, draws 6.8 amps, and has 1.4-ft. power cord with three-prong plug.

Style B—Made of steel and aluminum. Motor is dual voltage (115/230 VAC, 50 Hz) wired for 115 VAC, draws 2.6 amps, and has an 8-ft. power cord with 1 three-prong plug that fits 1 NEMA 5-20 receptacle (see page 726 for illustration).

Air-Powered Hydraulic Pumps

Count on air power where electricity is unavailable or impractical. These pumps have a hand-lever-operated three-position control valve for extend, hold, and release/return and spring-return cylinder rams. Maximum pressure is 10,000 psi supplied with hydraulic oil.

Styles C and E are made of steel and aluminum. Mounting fasteners are included. **Style D** is made of steel and aluminum with 4 composite reservoir 6 fasteners on all eight pages see mounting fasteners

Harsh Environment Cylinders, Manual Pumps, and Valves

Wet, hot, corrosive environments are no match for these cylinders, pumps, and valves—all are tough enough to withstand temperatures from −40° to 165°F. Mounting fasteners are not included.

Cylinders have 1 spring-return ram. They have a steel-plated steel body ram, and fastener plating with reservoir steel bolts and pins and 1 female piston and bearings.

Pumps are quick-engage 1 ram, so they pump until the load is engaged. They have 1 nylon-reinforced nickel, an anodized cast iron reservoir. fiberglass female 1 nitrile and stainless steel handle. Shaded motor with hydraulic in

Valves have 1 nickel-plated steel body. Pressure-relief valve spans aluminum the set pressure threshold. Manual check valve is for load-holding applications; the valve has no bit manually opened.

Special Application Hydraulic Hand Pumps

Small-Footprint Pump with Reservoir

Quick-Engage Pump

Small-footprint pumps are taller than they are long so fit into tight spaces. Made of cast iron, they have a 1⅛" long piston that extends two times for stability. Mounting fasteners are not included. Pumps with a reservoir operate in the vertical position only and are supplied with oil. Pumps without reservoir can supply backup vertical power and can also be tilted into an existing system with 1 reservoir. They operate in any position.

Quick-engage pumps is supplied without oil, so it's a great choice for applications where standard hydraulic oil is not acceptable. Made with biodegradable food-grade hydraulic oil, has extremely low base (not 2124 for rates information) about 1% oil and for steel type of hydraulic oil. The pump is quick-engage style, so it pumps fast until the load is engaged. It has 1 nylon-reinforced aluminum body nylon reservoir and 2nd 1 nitrile and stainless steel. Has horizontally and vertically. Note: For vertical use, the pump head (where the handle meets the pump) must be pointed down.

Handling the media :
Handle the media by the edges only. A cold fingerprint on the image area of the printable surface is removed after printing. To minimize drying time and to optimize image quality, avoid exposing the prints to excess moisture, high temperature and humidity.

Removing prints :
We recommend that you remove each print from the output tray and allow prints to dry completely before stacking. Complete drying time will vary depending on the environmental conditions. High humidity retards drying.

Important : We do not recommend using any of our media in photocopiers, laser printers or any other equipment that uses dry toner.

Late Night Lecture

A man is stopped by the police at midnight and asked where he's going.

"I'm on the way to listen to a lecture about the effects of alcohol and drug abuse on the human body."

The policeman asks, "Really? And who's going to be giving a lecture at this time of night?"

That would be my wife", comes the reply.

LIMITED WARRANTY

A **LIMITED WARRANTY.** If you follow the instructions and the software is properly licensed, the software will perform substantially as described in the Microsoft materials that you receive in or with the software.

B **TERM OF WARRANTY; WARRANTY RECIPIENT; LENGTH OF ANY IMPLIED WARRANTIES.** **The limited warranty covers the software for one year after acquired by the first user. If you receive supplements, updates, or replacement software during the year, they will be covered for the remainder of the warranty or 30 days, whichever is longer.** If the first user transfers the software, the remainder of the warranty will apply to the recipient.

To the extent permitted by law, any implied warranties, guarantees or conditions last only during the term of the limited warranty. Some states do not allow limitations on how long an implied warranty lasts, so these limitations may not apply to you. They also might not apply to you because some countries may not allow limitations on how long an implied warranty, guarantee or condition lasts.

C **EXCLUSIONS FROM WARRANTY.** This warranty does not cover problems caused by your acts (or failures to act), the acts of others, or events beyond Microsoft's reasonable control.

D **REMEDY FOR BREACH OF WARRANTY.** **Microsoft will repair or replace the software at no charge. If Microsoft cannot repair or replace it, Microsoft will refund the amount shown on your receipt for the software. It will also repair or replace supplements, updates and replacement software at no charge. If Microsoft cannot repair or replace them, it will refund the amount you paid for them, if any. You must uninstall the software and return any media and other associated materials to Microsoft with proof of purchase to obtain a refund. These are your only remedies for breach of the limited warranty.**

E **CONSUMER RIGHTS NOT AFFECTED.** **You may have additional consumer rights under your local laws, which this agreement cannot change.**

F **WARRANTY PROCEDURES.** You need proof of purchase for warranty service.

1. **United States and Canada.** For warranty service or information about how to obtain a refund for software acquired in the United States and Canada, contact Microsoft at:

No Bake Nutella Cheesecakes

Yield 4-6 servings

Prep Time: 15 minutes
Ingredients
For the Crust

12 Oreo Cookies, crushed into crumbs
3 tablespoons unsalted butter, melted
For the Filling

1 (8 ounce) package cream cheese, softened
2/3 cup Nutella
1 teaspoon pure vanilla extract
1 (8 ounce) tub frozen whipped topping, thawed
For the Garnish

whipped topping, optional
chocolate shavings, optional
toasted, chopped hazelnuts, optional
Directions

1. In a medium bowl, stir together the Oreo cookie crumbs and melted butter. Evenly divide the crumbs between your individual serving dishes and press into the bottoms of the dishes to form a crust layer.

2. In a large bowl, with an electric mixer, beat the cream cheese and Nutella until smooth. Add vanilla and mix to combine. Using a rubber spatula, fold in the whipped topping until well blended and no streaks remain.

3. Evenly pipe or spoon the filling into individual serving dishes. Cover with plastic wrap and refrigerate for at least 2 hours before serving.

4. If desired, garnish with additional whipped topping, chocolate shavings, and/or toasted, chopped hazelnuts.
Notes

- I have not tried this recipe using fresh whipped cream so I cannot attest to the results.
Prop Note

The small glass bowls were purchased from Pier 1. Spoons are from Ikea.

Republicans are proud of our efforts on behalf of all minority groups, and we pledge to do more during the next four years.

We will continue to press for enactment of economic and social policies that promote growth and the individual initiative of minority Americans. Our tax system will continue to be overhauled and reformed by making it fairer and simpler, enabling the families of minorities to work and plan for their future. We will continue to push for passage of enterprise zone legislation, now bogged up in the Democrat-controlled House of Representatives. That bill discussed elsewhere in our platform, will help minority Americans living in cities and urban areas to get jobs, to start their own businesses, and to reap the fruits of entrepreneurship by tapping their individual initiative, energy, and creativity.

We honor and respect the contributions of minority Americans and will do all we can to see that diversity is enhanced during the next four years. Active contributions by minorities are the threads that weave the fabric that is America and make us stronger as a nation. We recognize that individuals and their contributions and will continue to promote the kinds of policies that will make their dreams for a better America a reality. The party of Lincoln will remain the party of civil rights for all.

We will continue to favor whatever legislation may be necessary to permit American citizens residing in the Virgin Islands, Guam, and Puerto Rico to vote for president and vice president in national elections.

We support the right of Indian Tribes to manage their own affairs and resources. Recognizing the government-to-government trust responsibility we are equally committed to working towards the elimination of the conditions of dependency produced by federal control. The social and economic advancement of Native Americans depends upon changes they will chart for themselves. Recognizing their diversity, we support the President's policy of responsibly removing impediments to their self-sufficiency. We urge the nations of the Americas to learn from our past mistakes and to protect native populations from exploitation and abuse.

Native Hawaiians are the only indigenous people of our country who are not officially recognized as Native Americans. They should share that honored title. We endorse efforts to preserve their culture as a unique element in the human tapestry that is America.

Continued from p 220

Surviving literature from the Mauser factory and from independent arms and sporting goods dealers shows that Mauser was involved in merchandising Luger pistols in the commercial marketplace Starting as early as 1930 Mauser sales literature is found that offers 7.65mm short barreled Lugers for sale Mauser Luger instruction manuals dated as late as 1940 show that they were attending to the needs of the civilian gun buyers One of Mauser's largest foreign civilian markets was Sweden where quantities of 1939 and 1940 dated 'Mauser Banner' commercial Lugers were sold Contacts with Swedish collectors today reveals that these pistols were sold in sporting goods stores even as late as 1942, and that German language manuals from Mauser were provided with these pistols No foreign language Mauser published Luger manuals are known to have been produced

COMMERCIAL LUGER HOLSTERS, LOADING TOOLS, AND CONVERSION UNITS Figure 50

Commercial Luger holsters are unmarked or bear the makers logo. Akah and GECO marked are the most commonly observed Loading tools are almost all unmarked A number of sub caliber and .22 caliber conversion units by several manufacturers were available on the commercial market during the 1930's

POST-SEPT. 30, 1942 PRODUCTION Figure 51

Luger assembly and perhaps some limited manufacture continued after the termination of formal production by Mauser in Sept 1942 Walter (1986, p 43) reports that between Sept 30, 1942 and May 1945 11 941 Lugers were made for the Foreign Service the Police and for export It is not clear whether this figure includes the 10 000 42-byf code Lugers that went to Portugal and reportedly to Bulgaria Some of the Banner Lugers described in the previous section may have been assembled after Sept 30, 1942 and hence included in the above total

PORTUGUESE 42-byf ISSUE Figure 52

According to Kommayer (1969) and Datig (1956) some of the last 42-byf Lugers produced were not procured by the German Army and were sold to Portugal in 1943 Kommayer reports the serial range to be 6857m 5263m for a production of 4578 The Portuguese military designation was Model 943

A large quantity of these were exported from Portugal to Canada during the early 1950's More than half were parkerized and most came with a holster of Portuguese manufacture Serial numbers reported range from 149m to 5322m and all are full German Army accepted 42 byf P08's It is not known if this serial range is continuous If it is the Portuguese procurement is at least 5000

BULGARIAN 42-byf ISSUE Figure 53

August Weiss's notebooks indicate that (probably) 5600 of the last 42-byf P08's produced were not transferred to the German Army (Goltz) They were sold to Bulgaria an ally of Germany in 1943. These likely follow in serial range the Portuguese Lugers described above

The reported serial range of those sold to Portugal is 149m 5322m leaving the serial range that spans 5323m or 7 97m as the estimated range for the Bulgarian procurement This serial range indicates a higher product on than the published figures but there may be gaps in the serial ranges of the Bulgarian and Portuguese procurement

HP Fax Products - Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service.

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below.

NOTE:

Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will override the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE:

Whenever troubleshooting a fax issue, it is good practice to set the **Automatic Reports** option to **Every Error** before attempting a test fax. This way, even if the test fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products, consult the product *User's Guide* for specific steps.

1. Send a one page black and white test fax to **1-888-hpfaxme** (1-888-473-2963)
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE:

The most common cause of failure is that the Fax number set in the Fax Header on the machine does not match the number of the phone line connected to the Fax. Also, ensure that the fax header contains the full 10-digit telephone number of the fax machine, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

Translating Mail PassView to other languages

Mail PassView allows you to easily translate all dialog boxes, menus, and strings to other language.
In order to do that, follow the instructions below:

1. Run Mail PassView with /savelangfile parameter:
   mailpv.exe /savelangfile
   A file named mailpv_lng.ini will be created in the folder of Mail PassView utility.
2. Open the created language file in Notepad or in any other text editor.
3. Translate all menus, dialog boxes, and string entries to the desired language.
4. After you finish the translation, Run Mail PassView, and all translated strings will be loaded from the language file.
   If you want to run Mail PassView without the translation, simply rename the language file, or move it to another folder.

Po-Joke #24

A nurse is giving a young medical intern a tour of the hospital.
The intern approaches one bedridden patient and asks, "Why are you here?" The patient replies, "Wee sleekit cowerin' timorous beastie/O what a panic is in thy breastie."
The intern moves on to the next bed and asks the same question. "Why are you here?" The patient answers, "O my luv is like a red, red, rose that's newly sprung in June."
The intern moves on to a third bed and asks again. "Why are you here" to which the third patient replies, "The best laid plans of mice and men may often gang awry."
At this the intern turns to the nurse and asks "What ward is this anyway?" And the nurse answers "It's the Burns Unit."

Twitter Accounts in Venezuela under attack by pro-government hackers | The Yellow Flashlight | Web Design | Advanced SEO | Mobile Webpage Design | Freelance Designer

Today I was checking the recent tweets from the people I follow after many days of inactivity. I do not follow anyone that talks about politics, as that is the most boring and stressing topic on the Internet. However, today I learned about a new wave of unprecedented hacking that several twitter users in Venezuela were experiencing.

Rumors has it that a group of pro-government hackers had finally gotten a hold of the login information of at least 8 people from the government-opposition community.

The stolen information was apparently related to their emails and twitter accounts.

Obviously, these so-called hackers would try to make a big deal out of it as it is normal on the minds of those who do it such glory over something so low as this is unfortunately so easy to do. It would be hard for me to know exactly or with a 100% certainty of how those accounts are being hacked in bulk. I know case by case about the circumstances of each of the account owners but I can think of a few ways that this can be accomplished easily and I will offer some advice on what to do in order to prevent this from happening to you or at least to make it very hard for these so-called hackers.

One of the things that caught my attention was the fact that no only these twitter accounts were hacked, but also their email addresses as well.

This can not be coincidence and some can even tell me that I was not their twitter account that was stolen, but their email passwords were compromised and therefore their other accounts and anything that is tied to their emails. Like Twitter, Facebook and yes unfortunately, their bank accounts.

Knowing this, the first thing that came to my mind was "key loggers" (method 1)

They are small bits of code that they work and have used from in the past.

They can be installed in seconds on any computer (mostly windows based PC) and if you do the installation right, you can have any activity passwords, chats, screen prints, keystrokes, pages visited, and even camera snapshots sent periodically to any email address of your choice without the victim even noticing that is happening.

You can even configure the key logger to bypass the firewalls installed on your computer and emails in trusted lists on your computer. They won't even show on the list of installed software's, and you won't be able to uninstall it unless you form all your hard drive.

All it takes is every cyber-cafe would have key loggers installed on their computers. Not by the owners of the establishments but by unscrupulous individuals that want to steal people's passwords of all accounts information. This is what happened to my dad in Italy when he went to a local cyber-cafe to check his bank account balance. Before he knew, he had a lot of money missing from his account in a matter of days.

There are also some key loggers that don't involve software installation and are even easier to place on desktop computers in just three seconds. They are called "hardware key loggers" Like the one like we see in the picture. It is basically a little attachment that goes on the end of the keyboard and will record everything that was typed on your keyboard.

Now, here is the thing. Both of these methods require that the "low-moral character" have access to your PC or laptop for at least a few minutes.

This might not be the case in Venezuela where several personalities from the opposition had their twitter accounts hacked in such a short amount of time. I really don't see people in Venezuela leaving their laptops out of sight for more than a few seconds. In fact most of the twitter users in

CancerTYPE ID — Molecular Classification with CancerTYPE ID

FFPE Tissue Processing & Tumor Enrichment

- CancerTYPE ID requires as few as 300-500 viable tumor cells and is compatible with limited biopsy specimens such as FNAs, cytological specimens, and small core needle biopsies.
- CancerTYPE ID routinely employs laser guided microdissection to enrich for tumor specimen.

Gene Expression Profiling

- CancerTYPE ID uses a robust real-time RT-PCR platform to detect very small differences in gene expression.
- CancerTYPE ID measures and integrates the gene expression of 92 genes, 5 normalization genes and 87 lineage determinant and tissue-specific genes, most of which are not routinely measured by IHC.

Reference Tumor Database & Algorithm

- CancerTYPE ID uses a computational algorithm to predict the patient's tumor type based on the degree of similarity of the sample's 92-gene expression profile to a reference database of gene expression profiles. The reference database contains gene expression information from over 2,000 tumor specimens of known histogenesis, and molecularly ~95% of all solid tumors based on incidence.
- The CancerTYPE ID algorithm provides a predicted main type and any sub-types in rank-order by relative probabilities, which are based on the tumor's gene expression similarity to tumors of these types in the reference database.

Molecular Classification

- CancerTYPE ID classifies 28 tumor types and 50 tumor subtypes.
- In an independent validation of 2998 blinded samples, the molecular diagnosis was 87% accurate for main tumor type and 86% accurate for tumor subtype.

SAMPLE TEST REPORT

Interpreting CancerTYPE ID Test Results

MOLECULAR DIAGNOSIS

The [redacted] molecular diagnosis is the CancerTYPE ID prediction of certain tumor subclassification. It is reported as a percentage (e.g. 90%), the tumor is reported as "Indeterminate", in this case, the test report will also indicate tumor types that can be ruled out and types that cannot be excluded.

CAN NOT BE EXCLUDED

When applicable, tumor types on the CancerTYPE ID reference database that share some gene expression profile similarity to the patient's sample such that they cannot be excluded. Item diagnostic consideration will be listed here. In some rare cases

RULE OUTS

The CancerTYPE ID test report also lists tumor types that can all be ruled out with 95% confidence. In an independent validation of 2998 blinded samples, the rule-outs were 95% accurate. This may provide useful differential diagnostic information when two or more potential tumor types are suspected and one or more tumors may be ruled out in the rule outs.

APPLICATION FOR NEBRASKA NURSE AIDE REGISTRY BY INTERSTATE ENDORSEMENT

This application is required to implement programs authorized by Sections 1819(f) and 1919(f) of Public Law 100-203, the Omnibus Reconciliation Act of 1987. Although you may refuse to supply the information requested below, failure to provide requested information may result in denial of your nursery to be placed on the Registry. The data supplied becomes part of your permanent file which is a public record.

Please type or print clearly, attach copies of any certificates or wallet cards you have, and forward this application to the address or fax number below. If you were initially trained in Iowa, you must also attach a photocopy of the actual certificate you received to prove you successfully completed a 75-hour course. We will contact the Nurse Aide Registry in the state in which you received your training and any other states in which you have done nurse aide work. Since applications are processed in the order received, it could take up to two weeks to process your application. We do not issue temporary cards for Nurse Aides. We will enter your name in our website as a Nurse Aide once your application is complete. You may check the website which is updated daily at www.dhhs.ne.gov/hla/Pgendex.htm. Investment Objective Definitions

These are the definitions of our five categories of investment objectives. Please review them and retain them for your records.

Capital Preservation
Objective – A **capital preservation** investment objective reflects your desire to avoid risk and minimize potential loss of principal. It may also mean that you intend to invest over a short period of time.

Stable
Objective – A **stable** investment objective reflects your desire to seek lower risk and fluctuation in your portfolio while striving to achieve more stable returns on your investments. It may also mean that you're planning to invest over short to longer periods of time.

Balanced
Objective – A **balanced** investment objective reflects your desire to seek growth in your portfolio by typically using a balance of growth and conservative investment types. It may also mean that you are moderately tolerant of risk and are planning to invest for a medium to a long period of time.

Growth
Objective – A **growth** investment objective reflects your desire to seek the potential for investment growth as well as your tolerance for more significant market fluctuations and risk. It may also mean that you are planning to invest over a long period of time.

Aggressive Growth
Objective – An **aggressive growth** investment objective reflects your desire for potentially substantial investment growth as well as your tolerance for large market fluctuations and increased risk of loss. It may also mean that you are planning to invest over a long period of time.

Love

A man, sitting at home with his wife, said, completely out of the blue, "I love you."

She asked, "Is that you or the beer talking?"

He replied, "It's me, talking to the beer!"

Mail all required documentation to the address listed on the front side of this application. Be sure to make a copy to retain for your records.

Qualifications Effective August 2, 2010

Offer is valid beginning April 21, 2010 until funds are depleted.

You are only eligible for a rebate if you:

- ✓ Are a resident of Pennsylvania in a single-family home
- ✓ Purchased qualifying equipment within the program period, starting April 21, 2010 (purchases before this date do not qualify)
- ✓ Can provide required documents per instructions on front page of this application

Rebates are limited to one product per category per address.

Contractors or other third parties are not eligible to receive rebates.

Your installation of qualifying equipment is only eligible for a rebate if it:

- ✓ Was installed by a qualified contractor (see the program web site at: www.pahealingrebates.com for details)
- ✓ Was installed prior to submittal of this application at the address listed on the application
- ✓ Meets program energy efficiency criteria (see table above)
- ✓ Was purchased within Pennsylvania
- ✓ Replaces operable equipment in existing single-family buildings (new construction is not eligible)

Complete applications must:

- ✓ Have a corresponding confirmed rebate reservation number
- ✓ Be postmarked no later than 30 calendar days after the rebate reservation date
- ✓ Be limited to one rebate of each qualified product category per customer
- ✓ Include proof of purchase receipts, work orders or other documentation containing: 1) brand and model or item number 2) professional contractor's name and registration reference number; 3) phone number; and 4) installation address

Purchases made on or after August 2, 2010 are subject to the rebate amounts as indicated on this rebate application. Purchases made on or after April 21, 2010 through August 1, 2010 are subject to original rebate amounts.

The rebate processor and the Pennsylvania Department of Environmental Protection disclaim any and all liability loss or damage related to:

1) Program participation, including use or installation of the measure;
2) Loss or delay of rebate check in the mail
3) Any taxes that may be imposed as a result of program participation.

HISTORY

Mr. Herbert was referred for follow-up. When last evaluated, he was referred for an updated MRI given his new onset left lower extremity radiculopathy. He is over 10 months status post right L4-5 synovial cyst excision. He returns today for examination of the results. This was a MRI. To the extent of my medical evaluation, his radicular left leg pain has resolved, but unfortunately he feels his pain has responded to moderate dull pain/lumbar soreness with this. He describes his pain as worse upon waking in the morning and lasts throughout the day.

PHYSICAL EXAMINATION

Lower extremity neurologic testing is unchanged with regard to strength and sensation to the lower extremities.

DIAGNOSTIC TESTS

X-RAY FINDINGS

Radiographs of the AP and lateral radiographs from his prior office visit on 07/09/09 do reveal a subtle anterolisthesis of approximately 3 mm at the L4-5 level.

MRI: An updated MRI of the lumbar spine performed at DIAGNOSTIC on 12/30/09 reveals a left-sided synovial cyst at L4-5. There is also a tear and extrusion of the herniated nucleus pulposus at the L4-5 level. The report dictates that as the L5-S1 level.

DIAGNOSIS

1 Status post left L4-5 spondylolisthesis with left-sided L4-5 synovial cyst.
2 Status post right L4-5 synovial cyst excision.

TREATMENT PLAN

Mr. Herbert has a synovial cyst that is likely the pain generator at the L4-5 level. His symptoms have progressed with conservative care and at this point, I would like to proceed with an L4-5 minimally invasive microscopic decompression. I would like to perform a left L4-5 minimally invasive microscopic decompression. I would likely entail an L4-5 transforaminal lumbar interbody fusion. The risks discussed briefly with the patient today. On his next visit I will get a left lateral flexion-extension radiographs to check his spine will be maintained to make sure he does not destabilize. I will want to see him in the future.

Pot Roast

Prep Time:	10 min	Level:	Serves:
Inactive Prep Time:	Easy		6 Servings
Cook Time:	3 hr 30 min		

1 (3 to 4-pound) boneless chuck roast
1 teaspoon House Seasoning recipe follows
1 teaspoon salt
3/4 teaspoon black pepper
2 tablespoons vegetable oil
1 cup thinly sliced onion wedges
3 cloves garlic, crushed
2 bay leaves
1 (10 3/4-ounce) can cream of mushroom soup
1/2 cup red wine
2 tablespoons Worcestershire sauce
1 tablespoon beef bouillon granules
3/4 cup water

Preheat oven to 350 degrees F.

Rub the House Seasoning, salt and pepper to a small bowl. Rub seasoning into the roast on both sides. Heat oil in a large skillet and brown the roast, searing it on both sides. Place the roast in a roasting pan. Add onions and garlic to skillet for 1 to 2 minutes to absorb leftover roast juice. Transfer to roaster pan with roast and bay leaves.

Combine the mushroom soup, wine, Worcestershire sauce and beef bouillon into a bowl. Pour over the roast. Add water.

Cover pan with foil and bake for 3 to 3 1/2 hours or until tender.

Remove and discard the bay leaves.

*Cook's Note: If the gravy is not thick enough, remove the meat from the pan and pour the gravy into a saucepan. Bring to a boil and thicken it by whisking 2 tablespoons of cornstarch mixed with 1/4 cup cold water, stirring constantly.

House Seasoning:
1 cup salt
1/4 cup black pepper
1/4 cup garlic powder

Mix ingredients and store in an air tight container for up to 6 months.

We're Bringing Back our own "Cash For Clunkers" Program.

We want to recycle your old and inefficient 'clunker' of an air conditioning system for a new high efficiency system. Current incentives make this the best time for you to exchange your out of date model for a new high efficiency system and do it all with **no money down** *and* **the best rebates of the year.**

Even the Government is helping out.

The Federal rebates are up to $500.00. Coupled with Home Depot's low prices, 0 down, and no interest for 12 months, and our 10 year no-worry warranty—now is the time to save big.

The best news yet.

Your savings could pay for your new system. Our new **high efficiency systems** are guaranteed to put the green back in your pocket with their energy savings functionality, and we will guarantee that in writing!

What Next?

These rebates do expire by July 31, 2011! Give us a call at **(866) 678-2611** to schedule an in home visit so we can show you how much you will save. Our customers continue to thank us for taking the time to review their utility savings options as they have turned that savings into more cash back in their pocket!

Respectfully

Landon Brewer

Some members are like wheelbarrows
They need to be pushed
Some members are like canoes
They need to be paddled
Some members are like kites
They will fly away if not kept
on a string
Some members are like footballs
You don't know which way they
will bounce
Some members are like balloons
They are hard to blow up or are
full of wind
Some members are like semi-
trailers
They need to be pulled
Some members are like lights
They keep going on and off
Some members are like the North
Star
They are there when needed and
are a guide to others

WINNERS VS. LOSERS

The LOSER is always a part of the problem.
The WINNER is always a part of the answer.

The LOSER always has an excuse.
The WINNER always has a program.

The LOSER says "That's not my job."
The WINNER sees an answer for every problem.

The LOSER sees two or three sand traps near every green.
The WINNER sees a green near every sand trap.

The LOSER says "It may be possible but it's too difficult."
The WINNER says "It may be difficult but it's possible."

Tear Stained Eye (Son Volt) Capo 3 (Key of F)

D **G**
Walkin down Main Street gettin' to know the concrete
A **D**
Lookin for a purpose from a neon sign
D **G**
I would meet you anywhere western sun meets the air
A **D**
I'll hit the road, never lookin' behind

chorus
D **Em**
Can you deny, there's nothin' greater
G **D**
nothin' more then travellin' hands of time
D **Em**
St Genevieve can hold back the water,
A **D**
but saints don't bother with a tear stained eye
(instrumental chorus solo)

Seein' traces of the scars that came before
written in the pavement, still ekin for more
when the hours don't move along, worn-out wood and familiar songs
To hear your voice is not enough is more then a shame

(chorus)
(instrumental chorus solo)

Like a man said, rode hard and put away wet
throw away the bad news and put it to rest
if learnin is livin', and the truth is a state of mind
you'll find it's better at the end of the line

Getting Titles to Your Device

You need to be connected to the Internet to search for library materials. When you find a title you want to sign out, you have several options. If the title is available, you can borrow it immediately. You will be asked to download the EPUB eBook or read in your browser. If you want access to the title when Wi-Fi is not available, you need to download the EPUB format. If the title is not available for checkout, you can add it to your holds list. You will be emailed when the title becomes available. Once you download a title it is on your device for the allowed checkout time. To access the title, press the menu option (the three bars in the upper left corner). Choose "bookshelf" to see your list of signed-out titles, and press on the title you want to use.

Using the eBook Reader

The Overdrive eBook reader is easy to use. Choose the eBook icon and a topic from the list. To learn how to use eBooks, choose Reading eBooks.

Tips and Tricks

- You do not have to download a title. You can read, listen, and watch on the Internet. However, the advantage of downloading a title is you do not need an Internet connection to use digital material. This makes it possible to use media at doctors' offices and other locations without Wi-Fi.
- Overdrive allows video streaming. You need an Internet connection to do this. Internet connections at public locations such as coffee shops are often not strong enough to stream content. Many libraries offer video titles. A simple search of your library Overdrive site will show you what is available. Most devices will hook up to your HD television. Check your device's support page for more information.
- The advance search features are very helpful. You can search by subject, author, title, and publisher. Searching for titles that are "Available Now" allows you to find titles that can be signed out immediately. Otherwise, you can put titles on hold and you will be emailed when that title is available.

If you are unable to visit your local library using Adobe Overdrive is a great way to bring library content to you at home, at the doctor's office, or when you are on vacation. While the Overdrive program can be overwhelming, there are excellent resources available to learn its many features. Enjoy your favorite book or video on your schedule not the library's.

Pizza Dough (Abm) Recipe #251840

That is from my bread machine recipe book... I keep misplacing the book so I'm putting this recipe here so I can always find it! You can double the recipe if your bread machine can handle a 1 1/2 pound loaves.

by mygbeachbabes

1¾ hours | 1½ hours prep

SERVES 6 , 1 pizza crust

3/4 cup water, 80-90 degrees F
2 tablespoons vegetable oil
2 cups all-purpose flour
1/2 teaspoon granulated sugar
1/2 teaspoon salt
2 teaspoons bread machine yeast
1 tablespoon italian seasoning (optional)

1. Add lukewarm water and oil to pan. Add flour, sugar, italian seasoning and salt to the pan. Tap pan to settle dry ingredients; then push some ingredients to the corner. Make a well in the center of dry ingredients; add yeast. Lock pan into breadmaker. Program breadmaker for the dough cycle. When done, remove dough from the pan and place on a floured surface. Knead for 1 minute; the let dough rest for 15 minutes.
2. Roll dough out to fit your pizza pan. Place on greased pan. Top as desired and bake in a 425 degree oven for 10 - 15 minutes or until nicely browned

A Member of the Medicare Prescription Payment Plan

To Patient: Redeem at: [illegible] pharmacy

To Pharmacist:

- **For Privately-Insured Patients:** Process a combination of benefits: [illegible] this rx using patient's prescription insurance for the PRIMARY claim. Submit SECONDARY claim to ARGUS using BIN: 610427 and PCN: 04700300.
- **For Federal, State, or Other Government-Insured Patients:** By processing this savings offer, you certify that no claim will be submitted for reimbursement under any federal, state or other government program (Medicare Part D excepted), and Medicare Part D patients may use this offer ONLY if paying the full, retail price and no claim is submitted to Medicare Prescription Drug Plan for the prescription benefit (Medicare Part D plans may not cover this prescription as a supplemental benefit and are ineligible for the offer when full paying cash).
- **For Uninsured or Cash Patients,** Submit claim to ARGUS using BIN: 610427 and PCN: 04700400.

To help process my claim, please call: 877 822 7991

By using this offer (the "Card"), you acknowledge that you currently meet the eligibility criteria and will comply with the terms and conditions described below:

- The Card is valid only for prescriptions that are eligible to be reimbursed, in whole or in part, by Medicaid, Medicare, Medicare Part D, any state assistance benefit under state-financed subsidized coverage, or other federal or state healthcare programs, including any state pharmaceutical assistance programs and the Veterans Health Administration. Patients using the Medicare Part D plans, including those that cover this prescription as a supplemental benefit, are ineligible for the Card even when paying cash.
- Medicare Part D patients may use the Card if they pay the full cash price for a prescription covered by the Card and no claim is submitted to Medicare or any other federal, state or other governmental program. Full, out-of-pocket expenses that use of the Card cannot be reimbursed under Medicare Part D or its out-of-pocket, so-called "donut hole" provisions. Patients who are in Medicare Part D plans, and whose prescription is supplemental benefit, are not eligible to use the Card even when paying cash.
- The Card is valid only for prescriptions that are eligible to be reimbursed by private insurance plans, if other than the pharmacy benefit programs which contribute you for the entire cost of your prescription drugs.
- The Card is limited to 50% savings off the amount of your co-pay or your out-of-pocket cost, with a maximum savings of $200 off each prescription for up to twelve uses. A minimum of $400 per prescription is required. Note: maximum savings for this offer are $2,400.
- You must direct this coupon exclusively to Pfizer. This program is not any reimbursement request submitted to your insurance plan either directly by you or on your behalf.
- The Card cannot be combined with any of the rebate/coupon Pfizer or a pharmacy offer for the covered prescription.
- **The Card will be accepted only at participating pharmacies.**
- **This Card is not a health insurance.**
- No monetary value is associated with this offer.
- Offer good only in the U.S. and Puerto Rico.
- The Card is limited to [illegible] per person per year and is not transferable.
- Pfizer reserves the right to amend, revoke, or suspend this offer without notice.
- Offer expires 12/31/2010

This is a discount offer where by a participating pharmacy or Pfizer Inc. agrees to pay you. All rights reserved. January 2007

Wet Application Fluid.
You can make you own application fluid with 4 drops of dishwashing liquid (dawn, joy or baby shampoo etc.) to 1 quart of water in a spray bottle.

SMALL Decal Installation

1. Measure where you want you decal to be. Then tape in place on 1 side only to use as a hinge, using regular masking tape. Place your tape on the top, bottom or either side, however you feel more comfortable

2. Peel the bottom WAXY LINER layer away from the DECAL and MASK LAYER starting at the opposite side of the masking taped hinge, and slowly remove it.

3. Wet method is suggested for beginners and larger decals. To use the wet method placement, spray the smooth surface with a mixture of soap and water

Wet Application Fluid Wet method is how you install larger images with NO BUBBLES in it (and a MUST for frosted vinyl to ASSURE every bubble is removed) , being wet allows your to squeegee out the air bubbles trapped inside before it sticks to the surface. You can make your own application fluid with 4 drops of dishwashing liquid (dawn, joy, or baby shampoo etc) to 1 quart of water in a spray bottle

Catch-A-Call®

© 2003 on 11-7 Patents Pending

While Online, Catch-A-Call alerts you to call waiting calls and allows you to take live calls

When you are on line and the unit rings: simply pick up the telephone that your Catch A Call is connected to. Your phone company places the Internet call on hold and connects you with your new call. The Catch A Call operates regardless of computer or operating system. If you use your Telephone Company's Distinctive ring or Caller ID services you can identify an incoming call without answering. Catch-a-Call will allow your computer to stay on hold up to 30 seconds, though your computer or Internet Provider may disconnect on their own in less time.

CALL-WAITING Service Is Required For Operation

When your computer is NOT online, the Catch-A-Call is inactive

If your needs include a Phone / Fax switching device, please see our web site for information on **Catch-A-Call Gold** which has all of the functions of the Catch A Call plus integrated Phone / Fax switching.

Adjustable Ring Tones (Patents Pending)

The Catch A Call has three optional ring tones to choose from. These can be activated by picking up the phone handset and dialing **##*** and 1, 2, or 3. 1 being the softest, 3 being the loudest. The factory setting is **##*1**. The Catch A Call will ring in response to the change with the selected ring tone. This feature is applicable to model 68101-6 and later models only. **If you cannot hear the unit ring, simply pick a different tone.**

Connecting Catch-A-Call

1. The unit includes a DC transformer that plugs into any 110 volt wall outlet. Connect the other end of the cord to the slot marked **PWR** and the **PWR** Light on the front of the unit should illuminate.

2. Connect The **WALL JACK** port of the Catch A-Call directly into the **Wall Phone Jack**. This wire can come directly from the wall or through other devices such as a surge protector or an optional caller ID device.

3. Plug a telephone into the Catch-A-Call's **PHONE** port either directly or through an answering machine. When you pickup the telephone handset the **PHN** light on the front of the unit should illuminate.

5. Connect the **LINE** port of the computer's modem to the Catch A-Call's **MODEM** port. There should only be one phone cord connected to the computer's modem. When your computer is on line the **MDM** light on the front of the unit should illuminate.

6. Make **SURE** that your computer is not disabling call waiting. (The computer can do so by dialing *70 when it dials your ISP to make a connection). If the caller hears a busy signal while you're online it means that your computer has temporarily turned off call waiting. If so please enable the Call Waiting feature by following instructions on the right.

How to enable call waiting in your computer

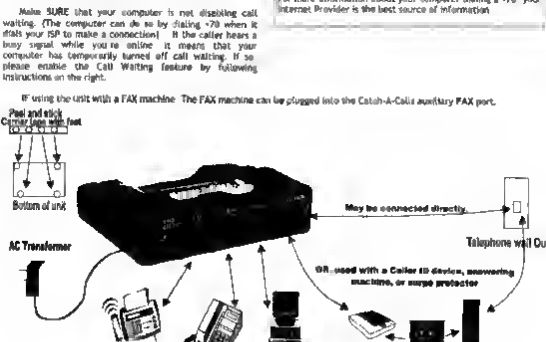
WINDOWS XP
Click on **Start**, **Control Panel**. Click on **Phone and Modem Options** (or with category view click on **Network and Internet Connections** and under **See Also** click **Phone and Modem Options** under **dialing rules** click **Edit**. UNCHECK the box marked "To disable call waiting, dial *70"

WINDOWS 95 98 ME
Click on **My Computer**, **Control Panel**, **Modems**, and **Dialing Properties**. Here UNCHECK the box marked "To disable call waiting, dial *70"

AMERICA ONLINE
On the sign-on screen click on **Setup**. **Edit Numbers** and highlight each access number click on **Edit** and UNCHECK the box marked **Dial *70 to disable call waiting**

For more information about your computer dialing a *70 your Internet Provider is the best source of information.

If using the unit with a FAX machine: The FAX machine can be plugged into the Catch-A-Calls auxiliary **FAX** port.



Peel and stick Corner Legs with feet (4 - 2 x 2)
Bottom of unit
AC Transformer
May be connected directly.
Telephone wall Outlet
OR...used with a Caller ID device, answering machine, or surge protector

IMPORTANT NOTICE REGARDING REPLACEMENT OF LIFE INSURANCE

If you are thinking about DISCONTINUING or CHANGING an existing life insurance policy or annuity contract and BUYING a replacement, your decision could be a good one – or possibly a mistake. Make sure that you understand the facts. You should

- make a careful comparison of your existing policy and the proposed policy.
- ask the company or agent that sold you your existing policy to provide you with complete information about it.
- consider both sides before you decide.
- determine what you want your insurance program to do.
- consider your present health. You may have had a change which could affect your insurability, so make sure to continue your present policy until a new policy is delivered to you and accepted by you.

This form MUST be completed in triplicate and the original given to you by the agent proposing replacement no later than at the time you apply for the new policy. (This form must be completed and given to you even though the proposed replacement policy is with the same company that sold you your existing policy.)

EXISTING POLICY INFORMATION on _____
(Name of Insured)

COMPANY	TYPE OF POLICY	FACE AMOUNT OF BASIC POLICY	TYPE OF OPTIONAL BENEFITS

(If more policies are involved, use additional set of forms.)

Indiana Department of Insurance Regulation 760 IAC 1-16.1 requires that the company making the replacement notify your existing insurance company that you may be replacing your existing policy. (You have the right, within twenty days after delivery of a replacement policy, to return it to the company and to claim an unconditional refund of all premiums paid on it.)

Cultural appropriation is the adoption of cultural elements from a minority culture without the consent of people who belong to that culture. Cultural appropriation involves members of a dominant group exploiting the cultural elements of less advantaged groups. Cultural appropriation is a controversial issue because it involves the power dynamics of the cultural exploitation of the vulnerable and minority.

People on the Left say that cultural appropriation is racist when white people borrow elements of the new ideology of culture. Appropriation people in the USA now question if it is okay for white people to do cultural things that were once common.

Recently in Portland, Oregon a food cart selling burritos became controversial. The food cart's owners were criticized by activists and had their business threatened. They were accused of culturally appropriating their burritos from Mexico.

The Hawaiian Islands are a popular destination for American tourists, because of their relationship with the United States. Many Americans take their holiday in Hawaii. It is extremely racist for a person to wear traditional clothing, eat popular food or dance in Hawaii.

It is now becoming a controversial for white people to wear large hoop earrings and to wear their hair in dreadlocks and afro. Simply because hoop earrings and dreadlocks do not originate from European cultures.

Critics of cultural appropriate claim it is a ridiculous ideology. They say that no one can own a culture and that humans naturally explore, mix, and share culture. Some argue cultural appropriate is racist most against people of European descent.

Effective Immediately

Our office uses an Electronic Medical Records (EMR) system and is therefore paperless. We request that all patient documents sent to us are faxed.

Faxing documents to us is the quickest and most efficient way to transfer documents to us, so we ask that you please comply.

If you are unable to fax the documents you would normally mail, please contact us so we can set up other arrangements.

We also ask that you send us a confirmation upon receiving this to ensure you got it.

Thank you

Just a come-on from the whores on Seventh Avenue
      Em                 D                C
I do declare there were times when I was so lonesome
                        G     D-C-D7-G
I took some comfort there

<chorus>

      G                                                        Em
Then I'm laying out my winter clothes and wishing I was gone
      D                    C                D7                G
Going home  where the New York City winters aren't bleeding me,
Em                 D  --C-D7-G
Leading me, going home

      G                                                        Em
In the clearing stands a boxer and a fighter by his trade
      D                          C                       D7
And he carries the reminders of every glove that laid him down
      G                                                        Em
And cut him 'til he cried out in his anger and his shame
      D                    C                                  G     D-C-D7-G
"I am leaving  I am leaving," but the fighter still remains

Memories

During their silver anniversary, a wife reminded her husband, "Do you remember when you proposed to me, I was so overwhelmed that I didn't talk for an hour?"

Her husband replied, "Yes, honey. That was the happiest hour of my life."

Quick Asian Beef Noodle Soup

allrecipes

Rated: ★★★★

Submitted By: Linda Crossil
Photos By: Vilma

Prep Time: 10 Minutes
Cook Time: 20 Minutes

Ready In: 30 Minutes
Servings: 4

"Very quick to make with inexpensive ingredients. Can be made low fat by substituting ground turkey and baked ramen noodles, and by omitting oil."

INGREDIENTS

~~1 pound lean ground beef~~
1 onion, chopped
1 tablespoon minced garlic
1 teaspoon ground ginger
4 cups water
1 medium head bok choy, chopped
2 (3 ounce) packages ~~beef flavored ramen noodles~~ Rice vermicelles
2 tablespoons vegetable oil
2 tablespoons soy sauce

DIRECTIONS

1. Brown meat in a large skillet. Drain off fat, and rinse meat using a colander.
2. Transfer meat to a large noodle pot. Stir in onion, garlic, and ginger. Add water, and bring soup to a boil. Stir in bok choy. Reduce heat, and simmer for about 5 minutes.
3. Stir in noodles. Simmer 3 minutes longer, or until bok choy and onions are crisp-tender and noodles are soft. Stir in remaining noodles, oil, and soy sauce.

Deductions and Adjustments Worksheet

Note. Use this worksheet only if you plan to itemize deductions or claim certain credits or adjustments to income.

1 Enter an estimate of your 2012 itemized deductions. These include qualifying home mortgage interest, charitable contributions, state and local taxes, medical expenses in excess of 7.5% of your income, and miscellaneous deductions . . . . . 1 $

2 Enter: $11,900 if married filing jointly or qualifying widow(er) / $8,200 if head of household / $5,950 if single or married filing separately . . . . . 2 $

3 Subtract line 2 from line 1 (if zero or less, enter -0-) . . . . . 3 $

4 Enter an estimate of your 2012 adjustments to income and any additional standard deduction (see Pub. 505) . . . . . 4 $

5 Add lines 3 and 4 and enter the total. (Include any amount for credits from the *Converting Credits to Withholding Allowances for 2012 Form W-4* worksheet in Pub. 505.) . . . . . 5 $

6 Enter an estimate of your 2012 nonwage income (such as dividends or interest) . . . . . 6 $

7 Subtract line 6 from line 5. If zero or less, enter -0- . . . . . 7 $

8 Divide the amount on line 7 by $3,800 and enter the result here. Drop any fraction 8

9 Enter the number from the Personal Allowances Worksheet, line H, page 1 9

10 Add lines 8 and 9 and enter the total here. If you plan to use the Two-Earners/Multiple Jobs Worksheet, also enter this total on line 1 below. Otherwise, stop here and enter this total on Form W-4, line 5, page 1 10

Two-Earners/Multiple Jobs Worksheet (See *Two earners or multiple jobs* on page 1.)

Note. Use this worksheet only if the instructions under line H on page 1 direct you here.

1 Enter the number from line H, page 1 (or from line 10 above if you used the Deductions and Adjustments Worksheet) 1

2 Find the number in Table 1 below that applies to the LOWEST paying job and enter it here. However, if you are married filing jointly and wages from the highest paying job are $65,000 or less, do not enter more than 3 2

3 If line 1 is more than or equal to line 2, subtract line 2 from line 1. Enter the result here (if zero, enter -0-) and on Form W-4, line 5, page 1. Do not use the rest of this worksheet 3

Note. If line 1 is less than line 2, enter -0- on Form W-4, line 5, page 1. Complete lines 4 through 9 below to figure the additional withholding amount necessary to avoid a year-end tax bill.

4 Enter the number from line 2 of this worksheet 4

5 Enter the number from line 1 of this worksheet 5

6 Subtract line 5 from line 4 6

7 Find the amount in Table 2 below that applies to the HIGHEST paying job and enter it here . . . . . 7 $

8 Multiply line 7 by line 6 and enter the result here. This is the additional annual withholding needed . . . . . 8 $

9 Divide line 8 by the number of pay periods remaining in 2012. For example, divide by 26 if you are paid every two weeks and you complete this form in December 2011. Enter the result here and on Form W-4, line 6, page 1. This is the additional amount to be withheld from each paycheck . . . . . 9 $

Privacy Act and Paperwork Reduction Act Notice. We ask for the information on this form to carry out the Internal Revenue laws of the United States. Internal Revenue Code sections 3402(f)(2) and 6109 and their regulations require you to provide this information; your employer uses it to determine your federal income tax withholding. Failure to provide a properly completed form will result in your being treated as a single person who claims no withholding allowances; providing fraudulent information may subject you to penalties. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation; to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their tax laws; and to the Department of Health and Human Services for use in the National Directory of New Hires. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by Code section 6103.

The average time and expenses required to complete and file this form will vary depending on individual circumstances. For estimated averages, see the instructions for your income tax return.

If you have suggestions for making this form simpler, we would be happy to hear from you. See the instructions for your income tax return.

Subject: Density Output Cards

BACK

At present, a request for density output cards in a densitometric computations run yields density cards corresponding to densitometer densities. If the test code used involves E N D conversions, the density output cards must be run through a separate conversion program to correspond[illegible] densities corresponding to individual strips are punched, wh[illegible] desired

I propo[illegible] a [illegible] density card output is requested plotted densities are punched out. In the normal case d[illegible] ould simply be the average densities If the test code calls for E N D conversion it would be the E N D densities that are punched out. If the test breaks down, e.g. because of range check failure, we would get cards punched out for individual strips since individuals are plotted in that case.

I would appreciate your comments on this proposal by January 2, 1971

Noah and the Flood

The great snare of thought is uncritical acceptance of irrational assumptions.

WILL DURANT

From here on we can offer some proof that these Bible stories are parallels, not sequents. We must present more of them, however, before this becomes self-evident.

Noah is given as the tenth from Adam hence subsequent, and as we think of Adam as the first human being, Noah must be farther up on the evolutionary side. This is not so. Noah is just another Adam and his story another Creation myth. In this one we find the violence and "war in heaven," space, the Priest saw fit to exclude from his. The "Deluge" was not a destruction of the world but its creation.

Chronologically, Noah is eons prior to the Adam of the Garden, and contemporaneous with the Creator of the first chapter. That he was not a human being is obvious from the Ethiopian *Book of Enoch*. According to this source, Noah was transfigured at birth, the light of his body illuminating the whole house—the planetary entity. So here again we have that first "light shining in darkness." Immediately thereafter he rose and talked to God—for the simple reason that he was God. Lamech, his father, beholding this, was astonished, and hurried to Methuselah, the grandfather, to find out its portent. But Methuselah was also

Our Father, which art in heaven,
hallowed be thy name,
thy kingdom come,
thy will be done,
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil.
[For thine is the kingdom,
the power, and the glory,
for ever and ever]

LEN CARIOU AND MARIO CANTONE
ART AND SCIENCE by JAMES WESLEY
THURSDAY, MAY 19TH AT 2PM

This is an invitation to **ART AND SCIENCE** s **reading** of a new two-person play written by James Wesley that will take place on Thursday May 19th at 2PM at the Abingdon Theatre.

Tony Award winner **Len Cariou** (TV's BLUE BLOODS) and **Mario Cantone** (SEX AND THE CITY) star in this very funny and moving play which is based on an event that happened to the playwright. Adam (Mario Cantone) visits his elderly voice teacher (Len Cariou) to discover he's had a stroke. Adam has no choice but to stay with his teacher who refuses to go to the hospital because he s a Christian Scientist. As the play unfolds, they both learn about their long-held resentments towards each other and, ultimately try to find acceptance.

WHAT: Art and Science by James Wesley directed by Antoinette Dipietropolo
WHEN: Thursday, May 19th at 2PM (80 minutes- no intermission)
WHERE: Abingdon Theatre 312 West 36th 1st Floor (June Havoc Theatre)
RSVP: Mark Cortale illyriamc@aol.com or 917-538-7341

Infinite Series

Objectives:

1. Study the tests for convergence of an infinite series
2. Study power series and its conditions for convergence
3. Review/study convergence of Taylor and Maclaurin series

Outcomes.

1. Understand definition of infinite series
2. Understand the concept of the sum of a series
3. Be able to identify and determine convergence or divergence of geometric, harmonic and telescoping series
4. Understand the integral test, when and how to use it, and how to interpret its results.
5. Be able to identify p-series and determine its convergence or divergence.
6. Understand the comparison test, when and how to use it, and how to interpret its results
7. Understand the limit comparison test, when and how to use it, and how to interpret its results
8. Understand and apply the alternating series test. Know the conditions necessary to use it.
9. Understand the idea of absolute convergence
10. Understand and apply the root test and the ratio test, when to use them, and how to interpret results.
11. Understand the general form of a power series
12. Understand the conditions for convergence of a power series
13. Show convergence of various power series.
14. Define the Taylor polynomial
15. Describe Taylor polynomials and Maclaurin polynomials as infinite series.
16. Understand how to approximate transcendental functions using Taylor series.
17. Define and understand nth remainder of a function f.
18. Determine convergence of Taylor series and Maclaurin series using the nth remainder
19. Be able to build a Taylor series.

Web Access to your Steamboat Springs Family Medicine Medical Chart

A few items that you need to know

#1 Your link to your chart is secure. If you share your login information, they too will have access.

#2 This is not to replace an office visit, but to assist you in managing your care. If ever you have questions, please do not hesitate to pick up the phone and call us.

#3 Things you will be able to do: Send a message, request an appointment, look at your Pap Smear results, look up your appointment date and time and view messages from our office.

#4 You will be prompted to change your password on your first entrance into the website. Please make this a unique password that contains UPPER & lower case letters as well as at least one number and a special character. We used Steamboat#1 as your first password because it meets the criteria for a password, but you can't use it. Use must come up with something new.

If there comes a day, and you can't remember your password (happens to the best of us!), just give us a call and ask us to reset your password.

Your Instructions

Now you're ready. Please access an internet browser and type in the address line: https://steamboatfamilymedicine.com/ Choose Patient Portal

User name: We have set your user name as your first and last name all lower case. Example: janedoe

Password: Your initial password will be Steamboat#1

You will need to come up with a security question and answer which we will keep in your chart. If you ever need your password reset, please call and we can reset that for you.

Test your fax machine without bothering friends
By Adam
Created Oct 16 2006 - 12:27pm

I [illegible] [1] while trying, to see if a fax machine was working correctly. It is always tough testing a fax because you have to have a friend who is home, with a fax and willing to help. Thanks to a commenter [illegible] [2]

This site lets you enter a fax number and, in a few minutes, you will receive a test fax

FACE DOWN

Union troops trained at Camp Randall, the site of what was once a state fairground. Although citizens initially admired their drills, the soldiers' antics were not their welcome with rowdy behavior — a result of frequenting Madison taverns while awaiting action. The first athletic field was built on the site in 1894. Civil War veterans convinced the state legislature in 1911 to establish a five-acre memorial park and allocate $25,000 to design and build the monument.

Old Abe, the bald eagle mascot who went into battle with the 8th Wisconsin Volunteer Infantry Regiment during the Civil War, sits atop the arch which was built in 1912. Statues of a veteran soldier and a young recruit flank the opening.

MANDATORY DRESS CODE*

Make a Good First Impression!

When competing in today's job market – first impressions are important. Dress, grooming and personal appearance plays a major role in obtaining your desired interview and building professionalism, regardless of your occupation. In building a job-ready workforce and a professional environment in the CareerSource Capital Region we have implemented a **MANDATORY** dress code for all customers. A formal dress code ensures you to project an image that tells a public story that you are ready for work. After all, employers expect a neat and professional appearance and attitude.

Effective July 1, 2014 customers entering the centers will be required to follow the dress code guidelines outlined below. Unacceptable attire will **NOT** be permitted

DRESS APPROPRIATELY

- **Business casual slacks/long pants, blue jeans and dress capri pants**
- **Collared shirts, polo shirts, dress shirts and t-shirts. Must cover the top of the chest and back**
- **Appropriate length dresses and skirts**
- **Sweaters, cardigans, blazers and sport coats**

DRESS NOT APPROPRIATELY

- **Sheers, low rise pants, tight/stretch pants, leggings, baggy/sagging pants, sweatpants, pajama bottoms and athletic pants.**
- **Mini-skirts, skorts, beach dresses, spaghetti strap dresses and dresses above mid-thigh.**
- **Shirts with offensive writing or logos, see-through tops, halter tops, tank tops, tube tops, tops with spaghetti straps and midriff baring shirts/blouses.**
- **Flip flops, bedroom slippers and house shoes**
- **Hats, bonnets, shower caps, hair scarves, or hats (Head coverings required for religious purposes or to honor cultural traditions are allowed).**

Hello

To connect two computers via crossed serial cable (Null modem) other Unixes have the tip and cu command I learned that for Linux cu also exists but I can't find it in Arch repositories I also looked for an uucp package (like with RedHat) but this doesn't exist either So what package do I have to install?

BTW Is there a HowTo for Null modems n Arch Wik ? Couldn t find any

are probably not under near-term
threat, the Constitution as no longer
interpreted by courts to give people of faith, as well as the
schools and service ministries we have, the protection we need
in order to fully live out the implications of our most cherished
beliefs. Meanwhile state courts, legislatures, and city councils
around the country have moved to further narrow the protections granted for religious liberty as their citizens must choose
between adherence to religious faith and full participation in
the public square.

The threat to religious freedom that are now upon us can be
likened to the frog put into a pan of water placed on the stove.
The water warms gradually and the frog does not realize its
peril until it is too late to jump out of the pan.

Many evangelical and Pentecostal believers and leaders have
not been previously alarmed at how the "pan" has been gradually heated in the assault against religious liberty. For example,
in our own Fellowship, I and district officers contacted nearly ten
thousand credent aled ministers to support a religious freedom
bill just a month ago that was before a committee in the Missouri
House of Representatives. Less than 15 percent of them even
bothered to respond. The bill failed in committee and significant
religious liberty protections were lost. We are like the situation
described by Jesus in the parable of the weeds and the wheat:
"But while everyone was sleeping, his enemy came and sowed
weeds among the wheat" (Matthew 13:25). We have largely been
sleeping. Have we awakened too late?

I trust not.

Mike Beals, stated. "This means that
miss.ns-based aspects of religious col-
leges and universities, which include prayers in classes, chapel
services, spiritual formation activities and faith-nurtured curriculum, as well as requiring a statement of faith for admission
and requiring ministry-based service experiences would be
at risk if Senate Bill 1458 is passed as is." The bill is an immediate and all-out assault on our religious distinctives.

As I write, the bill is under consideration by a House committee. The fact that it passed the state Senate and is under
consideration by the state House should ring a two-alarm bell.
If the attempt to gut religious liberty for colleges and universities is successful in California you can be sure other dominoes will fall in California and across the country.

The secularists in our society seek to redefine the First Amendment protection of the "free exercise" of religion as a mere
right of worship. In other words, their view is: "If you are going
to be bigoted in your pro-life views or you, view that marriage
is between a man and a woman and that heterosexual (both heterosexual and homosexual) is morally wrong—then you must
confine your views within the four walls of your sanctuary. But
don't bring your bigotry into the public square." A society that
adopts such a view may be setting the stage for a future day
when even a defense of biblical teaching on human sexuality
from the pulpit will bring with it the risk of punishment, by the
government such as to the loss of fair long-held tax-exempt
status without which many ministries would not survive.

At a recent meeting I attended in Washington, D.C. that

VIRTUAL INSTRUMENTS is engaged in a continuous effort of technical innovation, product development and marketing, and administration of our business. The success of these efforts depends on our ability to draw upon the creative talents of our employees and to maintain the flow of information among our employees. For this reason, we ask all employees to sign this Agreement under which:

A. VIRTUAL INSTRUMENTS' policy of "at will" employment is confirmed;

B. You agree to protect against unauthorized disclosure of confidential information and to return any confidential information and other VIRTUAL INSTRUMENTS property when your employment ends;

C. You agree that VIRTUAL INSTRUMENTS will own any inventions and other work product you produce related to VIRTUAL INSTRUMENTS' business;

D. You agree to avoid and to disclose conflicts of interest;

E. You agree that you will not solicit other VIRTUAL INSTRUMENTS employees or consultants to work elsewhere; and

F. You and VIRTUAL INSTRUMENTS agree on the manner in which disputes will be resolved.

Please review this agreement and contact the Director of Human resources if you have any questions or concerns. After you have reviewed it please sign and initial the appropriate places.

There are many reasons why you shouldn't smoke. Most reasons are related to health, however some are not.

Smoking causes lung cancer and other lung diseases including COPD. Lung cancer also known as lung carcinoma is a malignant lung tumor characterized by uncontrolled cell growth in tissues of the lung. If left untreated, this growth can spread beyond the lung by process of metastasis into nearby tissue or other parts of the body. Most cancers that start in the lung, known as primary lung cancers, are carcinomas that derive from epithelial cells. The main primary types are small-cell lung carcinoma and non-small-cell lung carcinoma. The most common symptoms are coughing, weight loss, shortness of breath, and chest pains. There also is COPD. Chronic obstructive pulmonary disease, also known as chronic obstructive lung disease and chronic obstructive airway disease, among others, is a type of obstructive lung disease characterized by chronically poor airflow. It typically worsens over time. The main symptoms include shortness of breath, cough, and sputum production. Most people with chronic bronchitis have COPD.

Smoking also is expensive and addicting. The reason why smoking is so expensive is because of nicotine. Nicotine is an addicting chemical sprayed on cigarettes. Another definition for nicotine is a potent Para sympathomimetic alkaloid found in the nightshade family of plants and is a stimulant drug. Nicotine is a nicotinic acetylcholine receptor agonist, except at nAChRα9 and nAChRα10 where it acts as an antagonist. It is made in the roots of and accumulates in the leaves of the nightshade family of plants. Nicotine is found in the leaves of Nicotiana rustica in amounts of 2–14% the tobacco plant Nicotiana tabacum, Duboisia hopwoodii and Asclepias syriaca(internet definition).

Smoking also has many chemicals and smells bad. A cigarette has about 4000 chemicals, 60 of the chemicals can cause cancer. Have you ever gone someplace where a lot of people smoke? Have you ever smelled smoke? If you have the air would smell "smoky". Not like a campfire more like ash or hot tar freshly put on the road. This is also bad for your lungs. It is known as second hand smoking.

In conclusion you should and never try smoking. You can try not to smoke by leaving a room that a smoker is in.

Hmmm... Does efax work?

(Reuters) - Inside an abandoned movie theater on a noisy avenue in a working-class section of Havana, some 70 Cuban children as young as nine pursue their dream of joining the circus.

Aspiring acrobats climb a rope while young jugglers toss pins back and forth, and others take turns on the trampoline or parallel bars. No one seems to mind the dilapidated conditions, at least as long as the weather is dry. Several corrugated tin laminates are missing from the roof, exposing the sky.

"Ever since I was little, I always said, 'I want to join the circus,'" said 12-year-old Daniela Rodriguez, who likes training at heights. "At first I was a little scared, but not anymore."

Troubleshooting Print Quality

Your WorkCentre 7830 Series Multifunction Printer is designed to produce consistently high-quality color prints. If you observe print-quality problems, use the information on these pages to troubleshoot the problems. For detailed online support information go to www.xerox.com/office/WC7830support.

CAUTION The Xerox® Warranty, Service Agreement, or Total Satisfaction Guarantee does not cover damage caused by using unsupported paper, transparencies, or other specialty media. The Total Satisfaction Guarantee is not available in the United States and Canada. Coverage can vary outside these areas. Please contact your local representative for details.

Paper Type

CAUTION If you change the type of paper in the tray, change the paper type at the control panel to match the paper that you loaded. If you fail to change the paper type, it can cause print quality problems and can damage the fuser.

For best results, we only recommended Xerox® media. They are guaranteed to produce excellent results on your WorkCentre 7830 Series Multifunction Printer. For information on supported paper types and weights, at the control panel press Machine Status, touch **Information Pages > Paper Tips Page > Print**. To order Xerox® paper and media, go to www.xerox.com/office/WC7830supplies.

For a complete list of recommended media for your printer, go to:

- North America: www.xerox.com/paper
- Europe: www.xerox.com/europaper

Solving Print-Quality Problems

Use the following tables to find specific solutions to print-quality problems.

Note: The images displayed represent long-edge feed prints. If you print short-edge feed, the print-quality defects are rotated 90 degrees. The images displayed are for reference only. Not all pages represented are printed.

Catch-A-Call

© 2003 ion Tel Patents Pending
Rev 68101-6
03/03/03

While Online, Catch-A-Call alerts you to call waiting calls and allows you to take live calls
When you are on line and the unit rings simply pick up the telephone that your Catch A Call is connected to. Your phone company places the Internet call on hold and connects you with your new call. The Catch A-Call operates regardless of computer or operating system. If you use your Telephone Company's Distinctive ring or Caller ID services you can identify an incoming call without answering. Catch-a-Call will allow your computer to stay on hold up to 30 seconds though your computer or Internet Provider may disconnect on their own in less time.

CALL-WAITING Service Is Required For Operation

When your computer is NOT online, the Catch A-Call is inactive
If your needs include a Phone / Fax switching device please see our web site for information on Catch-A-Call Gold, which has all of the functions of the Catch A Call plus integrated Phone / Fax switching.

Adjustable Ring Tones (Patent Pending)
The Catch A Call has three optional ring tones to choose from. These can be activated by picking up the phone handset and dialing #89 and 1, 2 or 3! 1 being the softest, 3 being the loudest. The factory setting is #89#2. The Catch A-Call will ring in response to the change with the selected ring tone. This feature is applicable to model 68101 S and later models only. If you cannot hear the unit ring, simply pick a different tone.

Connecting Catch-A-Call

1. The unit includes a DC transformer that plugs into any 110-volt wall outlet. Connect the other end of the cord to the slot marked **PWR** and the **PWR** Light on the front of the unit should illuminate.

2. Connect The **WALL JACK** port of the Catch-A-Call directly into the **Wall Phone Jack**. This wire can come directly from the wall or through other devices such as a surge

How to enable call waiting in your computer

WINDOWS XP
Click on **Start**. **Control Panel**. Click on **Phone and Modem Options** (or with category view click on **Network and Internet Connections** and under **See Also** click **Phone and Modem Options** under **Dialing rules** click **Edit**. How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it just to make sure it works. How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one page fax to 1-888-87 /-1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Test. It's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero; this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring—hopefully. It will automatically answer and spit out the test fax.

The Cub Scouting Program

The Cub Scouting program is a positive and progressive way for boys and their families to work with other programs that boys may already be involved in.

Tiger Cubs (1st Grade)

Oriented to boys and parents.
Work on big ideas to search, discover and grow.
Explore new things, make friends, and learn.
Boys and parents work and grow with other families.

Cub Scouts (2nd & 3rd Grades)

Family centered program.
Boys learn, achieve, grow and have fun as they work on projects and belong to a group led through an advancement program.
Uniforms, badges, games and books.

Webelos Scouting (4th & 5th Grades)

Big adventure and expectations.
Boys meet regularly with their leaders.
Learning to achieve through a hobby and life skills program.
Uniforms, badges.

Can't make the meeting tonight?

If you are unable to attend the Scouting meeting you can still sign your son up for Scouting. Simply call the coordinator listed on the Fun Sheet or the District Executive for Louisiana West Council at either 225/926-8207 or 1-800-821-0573 or mail in the coupon below. LENS FOCUS TEST CHART (SECTOR STAR)

REFLECTANCE

The TE100 test chart is designed for

- adjustment of camera lenses
- checking back focal distance
- checking resolution
- establishing cushion and barrel distortion

With the aid of a low transmission filter and by means of low level lighting make sure that the camera is not over modulated with the aperture in the open position

a) Optical focus Adjust focus of zoom lens at greatest focal length
b) Back focal distance (flens) Adjust focus at shortest focal length by registering lens mechanically with adjustment screw and optimize alternatively with a)
c) Back focal distance (pick-up tubes) If focus varies from channel to channel between greatest and shortest focal length, the individual pick-up tubes must be adjusted mechanically in the optical axis.

1 Select white channel Set optical focus at greatest focal length. With shortest focal length and divergent focus adjust the pick up tube in W-channel until optimum focus is achieved If necessary optimize by alternating with optical focus adjustment.
2 With unchanged optical focus adjustment and shortest focal length adjust the red and blue pick-up tube until optimum focus is achieved Image focus (focus adjustment) is maintained at all focal lengths (zoom-in) and constant distance from object by means of back focal distance adjustment.

The picture format is bordered by the 4 outside arrows 10 each black and white lines with a width of 0 5% of the picture height are located inside and outside the picture format If the picture is adjusted to the arrow tips, cushion and barrel distortion can be read with the aid of the lines

Beginning with 75 lines the bar patterns in the left part progress by 25 lines to 450 lines In the right part the bar patterns are scaled in MHz, beginning with 1 MHz and ending with 8 MHz The bar patterns progress by factor $\sqrt{2}$.

Santa Clara
Family Health Plan
The Spirit of Care

Welcome to Santa Clara Family Health Plan

Dear Member,

Welcome to Santa Clara Family Health Plan. We're proud to serve you and we'll do all we can to keep you healthy.

Here is your Member ID card. Please make sure the information is right. Let us know if there are any mistakes on it. That way we can help you get all the medical care you deserve.

For tips on getting started with the plan, visit **www.scfhp.com/getting-started** to watch helpful videos.

What's On My ID Card?

On the front

- Your name and date of birth
- Your personal doctor or clinic and phone number

On the back

- How to use our free 24-hour nurse advice line
- How to contact the Health Plan

When Do I Use My ID Card?

- Bring your ID card when you go to the doctor, the dentist, the hospital or a pharmacy

Why Is My Personal Doctor Or Clinic Important?

- Your personal doctor or clinic is called a Primary Care Provider or PCP. Your PCP is very important. Your PCP will help you get all the medical care you deserve. Be sure to call your PCP first when you need medical care. But in emergencies, call 911 or go to the nearest hospital.

Good day,

I am Hassan Mohammed I represent the interest of my brother in-law who is a minister in the Syrian Government As you probably know there is a lot of crisis going on currently in Syria and my brother in-law is having problems with the ruling party and they are currently investigating his ministry While he is sure that he has not done anything wrong as he publicly opposes the decision of the Government to use of weapons on our own people, there is also every reason for him to secure his family's future in case the unexpected happens He has asked me to help him find a reputable foreigner who can help him accommodate and invest $73 9 Million US Dollars privately Hence my reason for contacting you

We need your help to accommodate and lodge the funds in the banking system in your country We will handle the logistics involved in the movement of the funds to you Please note that the entire business will be executed in a legal way My brother in-law has promised to give you 15% of the total money as compensation for your troubles. He would also like for you to help invest the remaining 85% in a lucrative business in your country You will be paid 35% of any profits made from investing the remaining 85% Due to his position in the Syria cabinet, he wants this to be done discretely and he would want to keep his identification confidential I will be acting as his eyes and ears dur ng the course of this transaction

If this proposal interests you, please kindly respond via this email address **hassan.mohammed@syria-web.biz** so we can go through the details together

Regards,

Hassan

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting...print your web browser to Fax Toy -- it's a fun web site that displays whatever is faxed to that number. Within a minute your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes your fax machine should ring -- hopefully it will automatically answer and spit out the test fax.

ADDITIONAL NOTES

Extreme Banana Nut Bread

2 cups flour
1 teaspoon salt
2 teaspoons baking soda
1 cup butter or margarine
2 cups white sugar
2 cups mashed overripe bananas
4 eggs, beaten
1 cup chopped walnuts or pecans
Ready In 1 h 30 m

1.) Preheat the oven to 350 degrees F (175 degrees C) Grease and flour two 9x5 inch loaf pans

2) Sift the flour, salt and baking soda into a large bowl. In a separate bowl, mix together the butter or margarine and sugar until smooth. Stir in the bananas, eggs, and walnuts until well blended. Pour the wet ingredients into the dry mixture, and stir just until blended. Divide the batter evenly between the two loaf pans

3.) Bake for 60 to 70 minutes in the preheated oven, until a knife inserted into the crown of the loaf comes out clean.

4) Let the loaves cool in the pans for at least 5 minutes, then Wrap in aluminum foil to keep in the moisture

Hail Mary

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima

When you receive this email say a Hail Mary and ask for a special favor

"Hail Mary, full of grace. The Lord is with thee Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death, Amen." (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth When you are down to nothing, God is up to something This has been traveling since 5/13/07!

    c. ——— Scan
11. Choose Complete scan.
12. Click OKAY
13. Go to FILE>SAVE AS> save to destination
14. FINISH. Now FILE is saved as PDF. Close Acrobat.

Steps on how to scan multiple pages and combine together as ONE PDF.

***Repeat steps 1 – 9
After completing steps 1 – 9 continue with these steps.

1. After scan is finished … OPEN Canon Printer lid, take out first page
2. Insert second page face down.
3. Close Canon Printer Lid. (don't change anything on the SCAN, it should be selected already!)
4. Go back to Acrobat screen, Pop up with three options should already be in front of the screen
   Choose second option. "Scan Another Sheet (2)"
5. click OKAY
6. Then it will scan second page. **continue on the same steps 1 – 5 until you're done
7. once you are done scanning the last page on the pop up window, SELECT "Complete Scan "
8. Click OKAY
9. Let it generate in Acrobat (you will see the scanned pages)
10. Go to FILE>SAVE AS> save to destination where you want it to be saved.
11. FINISH. Now FILE is saved as PDF. Close Acrobat

********I made a folder in Desktop call "Scanned Documents." All documents I scanned, I will make a folder by DATE, and save it in that folder. You can too, if you want.

For Example I saved a PDF like this: Desktop>Scanned Documents> To Sally 11-29-2010> To Sally Property 11292010.pdf

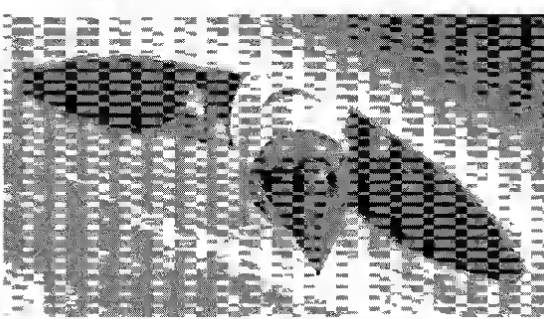
Pentagon's Mach 20 Missile Lost Over Pacific — Again

By Noah Shachtman (email) August 11, 2011 | 1:54 pm | Categories: Danger Room



For the second time in a row, the Pentagon has lost contact with an experimental hypersonic vehicle over the Pacific. Just minutes after it was launched from space.

The flight of the Falcon Hypersonic Technology Vehicle 2 was hotly anticipated in military and aerospace circles. The HTV-2 was supposed to ride on the back of a rocket to the edge of space, where it would separate and scream through the atmosphere at 13,000 mph before splashing into the Pacific Ocean, about 4,100 miles and 30 minutes later.

If the flight worked, it'd show how missiles of this shape and flight pattern could strike targets halfway around the world almost instantly. And that would be a major step forward in the Pentagon's "Prompt Global Strike" plan to attack foes anywhere on the globe in less than an hour. For now, however, those hopes have been dashed.

"There's no way you can call it a success. Let's be blunt about it," a source familiar with the program tells

The Microsoft Office Suite of programs have truly revolutionized both home and business computing. No matter how often we use Word, Excel, Power Point, and the others, few of us know how to release the full power those applications possess.

Our classes aim at identifying the key concepts that help individuals streamline their work and increase efficiency in the application.

Our classes are adequately paced to increase a users competency and improve their productivity and efficiency in computing. The course objectives also align perfectly with the guidelines for Microsoft Office Specialist certification testing.

That is where we come in. Our classes are divided into 4 areas

- Level One – Introductory
- Level Two- Intermediate
- Level Three – Advanced
- Level Four – Custom classes based on the client's needs.

We are launching our first schedule and hope to see you in one.

SUBJECT: EFT Termination Request Authorization

POLICY NUMBER

POLICYHOLDER'S NAME

(please print)

TELEPHONE NUMBER

Reason for Termination

I (policyholder) hereby authorize direct withdrawal payments from my financial institution (Company Name) in the form of electronic funds transfer (EFT). I understand that Foremost must receive this written notification at least three (3) business days prior to the current month's due date. Otherwise, the payment will be debited from my account via EFT and this termination will be effective the next scheduled payment thereafter. In the event that EFT is terminated for the current installment, I understand that I continue to be obligated to make the current payment due as outlined on the payment schedule I received when I signed up for EFT.

_____ _____

Policyholder's Signature Date

Once processing of the termination request is complete, you will receive a letter advising you that your electronic funds transfer payment authorization has been terminated. At that time, all future premium payments may be made at the Foremost Agent, check, money order or online at www.bristolwest.com.

Instructions: To insure prompt and timely processing, legibly fill out your name and policy number in the section above and fax completed form to 1-800-483-0817 or mail to the address shown above.

To register your magicJack PLUS:

1. Plug magicJack PLUS into your computer. Then click "Click Here To Register" in the center of the magicJack PLUS Setup box.
2. Follow the on-screen instructions to register. You will be given the option to select your area code during this registration process.

You are now ready to make and receive calls with or without a computer.

After you register, your magicJack PLUS will receive an email with your password and a link to http://my.magicJack.com where you can access your account information, add prepaid international, toll and local minutes, buy a magicJack PLUS for friends and family and more.

Free Local & Long Distance Calling – Free calls to U.S. and Canada* phone numbers and to other magicJack PLUS users anywhere in the world.

Free Phone Number – The first time you plug your new magicJack PLUS into a computer, simply follow the on-screen registration to select an area code of your choice from one of many popular U.S. cities – regardless of where you live!

International Calling – Take the magicJack PLUS with you when you travel to other countries. Call back to the U.S. and Canada for FREE. Plus, it's as easy as pie to send to a magicJack PLUS to friends and co-workers around the world and they can call you for free, too, no matter where they live!

Free Voicemail – Dial your magicJack PLUS phone number. When the default message begins, press the * (star) key and then enter the default password: 1234. Then you can listen to voicemail, personalize your message and change your password.

IMPORTANT: READ THE FOLLOWING REGARDING ENHANCED 911 SERVICE USING THE magicJack PLUS

Dialing 911:

1. You must have valid and accurate physical address information for your magicJack PLUS. You must update your address if you move your magicJack PLUS to another location.
2. You MUST provide the correct address and information to the 911 operator when you call.
3. You MUST provide an easily active phone number when you call 911 in case the operator gets disconnected.
4. You MUST update your address if you move your magicJack PLUS to another location.
5. You MUST register properly for 911 service by providing your correct physical address for your magicJack PLUS. Failure to register properly may result in your 911 calls being routed to the wrong emergency response center.
6. You MUST NOT register improperly for 911 service by providing an address that is not the physical address where your magicJack PLUS will be used.
7. You MUST NOT use your magicJack PLUS if your Internet connection, computer or power is not working properly.
8. You MUST NOT use your magicJack PLUS if you are not able to provide your correct address and phone number to the 911 operator.

You should not rely on any other emergency dialing or calling system while your magicJack PLUS is active.

Please read, sign and keep for your records.

Never dial 9-1-1 unless it is an actual emergency, or you may be subject to imprisonment.

TEST

Set the fax speed + Sha

You can set the fax speed used to communicate between your device and other fax machines when sending and receiving faxes. The default fax speed is Fast.

If you use one of the following, setting the fax speed to a slower speed might be necessary:

- Fax over Internet Protocol (FoIP)
- An integrated services digital network (ISDN) service

If you experience problems sending and receiving faxes, you might want to try setting the Fax Speed setting to Medium or Slow. The following table provides the available fax speed settings.

Fax speed setting	Fax speed
Fast	v.34 (33600 baud)
Medium	v.17 (14400 baud)
Slow	v.29 (9600 baud)

To set the fax speed from the device control panel:

1. Press (Setup).
2. Select Advanced Fax Setup, and then select Fax Speed.
3. Select an option using the arrow keys, and then press OK.

To set the fax speed via the embedded Web server:

1. Embedded Web server (network connection). Click the Settings tab, and then click Basic Fax Setup in the left pane.
2. Make a selection in the Fax Speed drop-down menu.
3. Click the Apply button.

Hail Mary

Today begins the 90th Anniversary of the appartition of the Virgin of Fatima

When you receive this email say a Hail Mary and ask for a special favor

"Hail Mary, full of grace. The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners now and at the hour of our death, Amen." (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has been traveling since 5/13/07!

How Can I Test My Fax Machine?

I just finished up a new fax machine, and I'd like to test it, just to make sure it works. How can I do this?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. There's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-510-545-0990 (a number in one-page California.) When it's finished transmitting, point your web browser to Fax Test — it's a fax web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to Fax Test, then tell it to send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax Answer should ring — hopefully, it will successfully answer and spit out the test fax.

One Response to "How Can I Test My Fax Machine?"

1. *Stephen A Fax machine ate a source line - Fax Answers* Says:

   [...] have a fax machine on the main phone line that I test the voice calls I just send to myself a test fax using FaxZero.com. My phone rang, and I thought it was a voice call and then heard the fax sound and hung up. The phone rang again. Here, the caller I made it ring about 6 or 7 rings. I knew that I shouldn't pick it up at in a fax, fax. I do not know how many rings it should take to complete the fax. How does one determine if it is a protocol call? I do not have call waiting. How do I know when the fax is completed and verify it? [...]

Our Father, which art in heaven,
hallowed be thy name,
thy kingdom come,
thy will be done,
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil.

Documents Stack

Welcome to Mac OS X Snow Leopard

The Dock in Snow Leopard includes Stacks, which you can use to quickly access frequently used files and applications right from the Dock.

Stacks are simple to create. Just drag any folder to the right side of the Dock and it becomes a stack. Click a stack and it springs from the Dock in either a fan or a grid. To open a file in a stack, click the file once.

Mac OS X Snow Leopard includes three premade stacks called Documents, Downloads, and Applications. You opened this file from the Documents stack. The Documents stack is a great place to keep things like presentations, spreadsheets, and word processing files. You can drag files to the stack or save them to the stack from an application.

Documents

Downloads

Applications

Stacks automatically display their contents in a fan or a grid based on the number of items in the stack. You can also view the stack as a list. If you prefer one style over the other, you can set the stack to always open in that style.

Stacks intelligently show the most relevant items first or you can set the sort order so that the items you care about most always appear at the top of the stack. To customize a stack, position the pointer over the stack icon and hold down the mouse button until a menu appears. Choose the settings you want from the menu.

To remove a file from a stack, just open the stack and drag the item out to where you want it. To delete a file, move it to the Trash. In fact, when you're done reading this document, feel free to throw it out.

Prayer to St. Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord; so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Make this prayer known everywhere.

Bishop of Trenton

Hello World!

Happy Holidays McGregor Families!

As we get ready to spend time with family, we would like to leave the school happy and tidy. So we have a few plans

HAPPY and smiling plans:
The McKinley Jazz Band will be coming to McGregor on Tuesday to delight our students with the sounds of Christmas. On Wednesday the children will "board" the Polar Express and join together in the gym for a special Holiday Story. On Wednesday, all students can wear school appropriate pajamas.

Neat and TIDY plans:
We have an over abundance of coats, scarves, gloves and clothing that children have left in the building. All of the items are on display in the cafeteria. Please have your children look closely as we have some beautiful coats that are in the lost and found. Over break we will be taking all of the items to GoodWill so please encourage your children to look or come and look for yourself.

Happy Holidays!

Scanning and PC Fax problems

The network scanning feature does not work in Windows®
The network PC Fax feature does not work in Windows®

Firewall settings on your PC may reject the necessary network connection for network printing, network scanning and PC Fax. If you are using the Windows® Firewall and you installed MFL-Pro Suite from the CD-ROM, the necessary Firewall settings have already been made. If you did not install from the CD-ROM, follow the instructions below to configure your Windows Firewall. If you are using any other personal Firewall software, see the User's Guide for your software or contact the software manufacturer.

UDP Port number information for Firewall configuration

UDP Port	Network Scanning	Network PC-Fax	Network Scanning and Network PC-Fax[1]
External Port number	54925	54926	137
Internal Port number	54925	54926	137

1 Add Port number 137 if you still have trouble with your network connection after you added port 54925 and 54926. Port number 137 also supports printing, PhotoCapture Center™ and Remote Setup over the network.

Windows® XP SP2 users

1 Click the **Start** button, **Control Panel**, **Network and Internet Connection** and then **Windows Firewall**. Make sure that **Windows Firewall** on the **General** tab is set to On.

2 Click the **Advanced** tab and **Settings...** button.

3 Click the **Add** button.

4 Add port **54925** for network scanning by entering the information below:
1. In **Description of service**: Enter any description, for example: "Brother Scanner"
2. In **Name or IP address (for example 192.168.0.12) or the computer hosting this service on your network**: Enter "Localhost"
3. In **External Port Number for this service**: Enter **"54925"**
4. In **Internal Port Number for this service**: Enter **"54925"**
5. Make sure **UDP** is selected.
6. Click **OK**.

5 Click the **Add** button.

6 Add port **54926** for Network PC-Fax by entering the information below:
1. In **Description of service**: Enter any description, for example, "Brother PC Fax"

4 Type the phone number provided to you by your ISP. You may want to select the **Create a shortcut on your Desktop** checkbox to easily access your Internet connection.

5 Click **Finish**.

If you want to be able to receive a phone call while you're online

Windows 8, 7, Vista, XP and 2000 users: Your modem includes the **NetWaiting™ Modem-on-Hold™** program, which notifies you when you have an incoming telephone call and lets you put your Internet connection on hold while you take the call. **NetWaiting** is installed automatically as part of your modem installation.

Note: If you want to use **Modem-on-Hold**, your Internet Service Provider (ISP) must support the V.92 dial-up modem standard. Contact your ISP if you are unsure about this support. Also, you must have Call Waiting/Caller ID service from your telephone company to use the modem's **Call Waiting/Caller ID** feature.

You must start **NetWaiting** yourself before connecting to the Internet if you have not set up **NetWaiting** to start automatically when Windows starts. For more details about **NetWaiting**, refer to that program's help.

If someone calls while you are online, the **NetWaiting** dialog opens, offering three choices:

- Click the green **OK** icon to place your Internet connection on hold and accept the call.
- Click the yellow **Disconnect** icon to disconnect from the Internet and accept the call.
- Click the red **X** icon to reject the call and remain connected to the Internet.

For more details about **NetWaiting**, refer to that program's help.

Installing the Modem on Mac OS X 10.5 and Later

Connect the Modem to Your Computer

1 Plug the modem into an available USB port on your computer. Do **not** connect the modem to a USB port on a keyboard.

2 Connect the supplied phone cord to the phone jack on the modem. Plug the other end of the cord into the wall jack as you would to plug in a telephone.

Configure the Modem

1 On the Desk, select **System Preferences > Network** to open the **Network** pane.

2 On the Network Connection Services dialog, select **USB Modem** from the **Interface** menu, then enter a name for the modem in the **Service Name** field, and click **Create**.

If the USB Modem does not appear in the list:

a Click the **+** button on the blue list of the **Network** pane.

b Select **USB Modem** from the Interface pull-down menu.

c Enter a name in the **Service Name** field.

d Click **Create**.

The newly created modem appears in the **Network** pane's list.

3 On the **Network** pane, click the **Advanced** button.

4 On the **USB Modem** pane, click the **Modem** tab and select the new modem in the **Vendor** field and **Universal (115k)** in the **Model** field.

5 If your ISP has given you DNS or Proxies information, open those tabs and enter the information.

6 Click **OK** to return to the **Network** pane.

7 On the **Network** pane, enter the telephone number and account information that your ISP gave you, then click **Apply**.

8 Click **Connect** to open the Internet connection.

9 Click **Disconnect** when you finish the Internet session.

Installing the Modem on Mac OS X 10.0.x through X 10.4.x

Install the Modem Script File

1 Make sure that your computer is powered on. Close any applications that are running.

2 Open the Mac's hard drive icon, then open the **System > Library > Modem Scripts** folders.

3 Insert the modem's CD into the CD-ROM drive and open it by double-clicking its icon.

4 Open the **Mac** folder on the modem's CD and drag the **Universal (115k)** file from the Mac folder into the **Modem Scripts** folder on your computer's hard drive.

5 Close all open windows.

HOOWAY FOR WODNEY WAT

By Helen Lester

Parts (17): Narrator 1, Narrator 2, Narrator 3, Narrator 4, Narrator 5, Narrator 6, Wodney, Rodent, Camilla, Miss Fuzzleworth

<><><><><><><><><><><><><><><><><><><><><><><><><><><><><><><><><><><>

Narrator 1: HOOWAY FOR WODNEY WAT

Narrator 2: Poor Wodney. Wodney Wat. His real name was Rodney Rat, but he couldn't pronounce his r's. To make matters worse, he was a rodent. A rodent

Rodent: "What's your name, Wodney?"

Narrator 3: asked the other rodents. Wodney whispered

Wodney: "Wodney Wat."

Rodent: "What's another name for bunny?"

Narrator 4: they asked knowingly. He mumbled

Wodney: "Wabbit."

Rodent: "And how does a train travel?"

Narrator 5: they winked at each other. Wodney replied miserably,

Wodney: "A twain twavels on twain twacks."

Narrator 6: All of this teasing day in and day out made Wodney the shyest rodent in his elementary school

Narrator 1: His squeak could barely be heard in class. He gnawed lunch alone

Narrator 2: And while the other rodents scurried and scooted about at recess, Wodney hid inside his jacket

Narrator 3: Then one day as the rodents were taking turns doing wheelies, a new rodent, a very large rodent, barged into the classroom and announced,

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it, just to make sure it works. How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero; this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully. It will automatically answer and spit out the test fax.

This entry is filed under Fax Machines.

Hello!

This is a sample test file which is being sent to you as per your request via the Interpage FreeFax(sm) Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.

This file is a sample MS Word file, many other file types are supported

If you have any questions regarding Interpage's OutFax(sm) Service, including the FaxUnlimited(sm) service with no-per or per-minute charges, please feel free to contact us at:

Phone: +1 (510) 315-2750 9AM to 5:30 PM M-F Pacific Time

E-Mail: ins-support@interpage.net

Web: http://www.interpage.net

Thank you for your interest!

Notes: 1 Due to the malicious use of the FreeFax service, Interpage will no longer transmit personalized text messages, only the above fixed sample message will be transmitted. You may obtain a trial account for evaluative purposes by filling out the form located at *http://www.interpage.net/cgi-bin/fax-trial.html*, omitting any billing information, and clearly indicating a valid e-mail address and contact telephone number. Please call (510) 315-2750 for additional details.

2 This fax is not a solicitation nor is it an offer. It was sent by a visitor to interpage's web site who entered your destination number as a recipient of this test fax. A single destination may not receive more than two tests in a given week, however, if you find that someone is using my faxes in a cost carious and abusive manner-please call us at (510) 315-2750 and we will block your fax number from the FreeFax service.

Windows® Fax and Scan

One place to scan and fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

Dear KENNETH WILSON GIBSON

Your insurance company has notified us that your automobile policy is no longer in effect.
Policy Number: 1357742400
Company Name: GEICO GENERAL INS CO

Please submit proof of Florida insurance dated on or before 09/11/12

If you do not have valid insurance dated on or before 09/11/12, you will be required to pay an additional fee up to $500.00. If we do not receive a response from you, your driving privilege will be suspended effective immediately on 09/12/12. We cannot grant extensions, so please provide valid Florida insurance before that suspension date.

Florida law requires that you maintain continuous coverage as long as you have a valid Florida license plate on your vehicle.

It's easy to update. The fastest way is to:

1. On or before 09/11/12 go to our website: www.flhsmv.gov
2. Select Driver License Check (in the drop down box next to HANDLE IT ONLINE!).
3. Enter your driver license number.
4. If the screen shows you are "Valid" then we have received your insurance information and you don't need to do anything more.
5. If the screen indicates you still have a problem, then select the "click here" button below FR Cancellation.
6. If you had insurance coverage on or before 09/11/12, click on that button.
7. Then fill out the insurance information and click submit.
8. Your insurance information will be processed immediately and if this is the only issue, your driver license is cleared.
9. You can verify the clearance by going back through the driver license check process and entering your driver license number again. If this is the only issue it will show your license as valid.

OR use our automated phone service at 850/617-2000. Choose driver license, then speak your driver license number or financial responsibility (FR) case number from the bottom of this letter. Then speak the insurance information for immediate clearance. If the line is busy, try calling evenings or weekends since this service is available 24 hours a day, seven days a week.

To update by fax or mail, please follow the directions on the back of this letter.

Thank you for your prompt attention and cooperation.

Homeless Project 2008

An opportunity to give to the homeless at Christmas time

We are be providing gift bags containing survival gear and supplies needed by the homeless on Christmas morning. Your participation and donations are crucial in making this a success. Listed below is an outline of the items needed. While food items and monetary donations are important, your prayers and encouragement are just as much of a blessing.

Then the righteous will answer him, Lord when did we see you hunger and feed you, or thirsty and give you something to drink? And needed clothes and clothe you?... The King will reply, I tell you the truth, whatever you did for one of the least of these brothers of mine, you did for me. Matthew 25:37-40

The Rainbow Bridge

There is a bridge connecting Heaven and Earth. It is called the Rainbow Bridge because of its many colors. Just this side of the Rainbow Bridge there is a land of meadows, hills and valleys with lush green grass.

When a beloved pet dies, the pet goes to this place. There is always food and water and warm spring weather. The old and frail animals are young again. Those who are maimed are made whole again. They play all day with each other.

There is only one thing missing. They are not with their special person who loved them on Earth. So each day they run and play until the day comes when one suddenly stops playing and looks up! The eyes are staring! And this one suddenly runs from the group!

You have been seen and when you and your special friend meet, you take him or her in your arms and embrace. Your face is kissed again and again and again and you look once more into the eyes of your trusting pet.

Then you cross the Rainbow Bridge together, never again to be separated.

Windows® Fax and Scan

One place to scan and fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone cord to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.
